S.S.F. Delays Westborough Project Again

By DON GRIERSON

South San Francisco councilmen again postponed action on their proposed agreement with the county for construction of the Westborough Boulevard extension Monday.

In passing the item to their next meeting December 16, Mayor Frank Bertucelli and council members stated they wanted to give supervisors an opportunity to reconsider the matter at their regular meeting this week.

Board Chairman James Fitzgerald indicated last Tuesday supervisors would likely follow County Engineer Don Wilson's recommendation to abandon the $1 million project, unless the city withdrew its demand that a drainage system to be constructed in connection with the road be maintained by the county.

Meanwhile, Mayor Bertucelli issued a statement reaffirming the city's position, and tieing the proposed drainage pipe in with regional floor control problems.

"Drainage, from 12-mile Creek contributes greatly to the over-all flood control problem," he said. "Twelve-mile Creek is major tributary of Colma Creek, and, as such, it should be included in the Colma Creek Flood Control District."

"This is a regional problem,, not just a city problem, and we intend to protect the interests of the South San Francisco residents," he said.

"One more $1 million law suit because of flood damage in the city, and we are going to have to double the tax rate," Bertucelli said.

"It is not unreasonable to require the county to assume full jurisdiction of a pipe which affects the function of Colma Creek, using the Flood Control District as the vehicle."

One of the chief objections to taking over maintenance of the drainage system voiced by county officials is the assumed liability for flood damage.

Bertucelli maintains that county maintenance of the drain pipe would "benefit the whole area and relieve Westborough and Serramonte (in Daly City) of special taxation."

He repeated the city's contention that county maintenance of the drainage facility was "part of the original bargain, and a major condition for city approval of the project from the beginning."

"It was first suggested as early as last year. In a letter dated April 24, 1968, I restated the council's position requiring the operation and maintenance of the completed storm drainage system by the Flood Control Disstrict."

"On May 6, 1968, a council resolution formally stated it as a condition for approval of the project. In a reply from the chairman of the board dated August 8, 1968, no objection was raised and the letter went on to discuss other matters related to the project."

"The council cannot impose upon the people of this city an obligation that belongs to others," the mayor said.

Leaving the door open for future resolution of differences, Bertucelli stated that the city would be willing to "try again at a later date" if supervisors decide to abandon the subject this week over the drainage pipe maintenance impasse.

Miss Jansen Resigns As Union Head

Julianne Jansen, president of the Jefferson Union High School District chapter of American Federation of Teachers, today announced her resignation from the top union post "because of pressing professional duties."

Miss Jansen, who has served as president of AFT Local 1481 since last May, said her resignation resulted from involvement with the district's laboratory school program, which has placed increasing demands upon her time.

She is currently serving as school coordinator for the program, which involves an accelerated student-teacher project, and other experimental innovations conducted in conjunction with San Francisco State College.

William Curran, vice president of the AFT chapter, will

Developer In S.S.F. Asks Use Permit

Developer Ted Connally has applied for a use permit for "Phase II" of the new Westborough Square Shopping Center at Westborough and Gellert Boulevard in South San Francisco.

Phase II of the project will consist of a restaurant building, a retail shop building, and a retail shop addition to the easterly end of the Square's main building, according to the applicant.

Construction of "Phase I" on the 10-acre shopping center project is now well underway, planning officials said this week.

The planning commission will consider the new use permit application at next Monday's regular meeting.

S.S.F. GARBAGE

Tideland Site For Disposal

Moving to alleviate a garbage disposal emergency in the city, South San Francisco councilmen Monday adopted a resolution approving the use of a 29-acre tideland site.

The council action allows Sunset Scavenger Co. to utilize the diked area for fill-and-cover garbage disposal operations, provided the city's South San Francisco Scavenger Co. is allowed to dump at the site.

The council also authorized a study to investigate the feasibility of creating another 66-acre tideland dump in the same area on land owned by the Sunset company.

Approval of the dumping permit was requested by George Stagnaro, an official of the South San Francisco Scavenger Co., after plans for an incinerator plant in the city were scrapped several months ago.

Stagnaro said Monday the present dump site adjacent to Oyster Point Marina is filled to capacity and signs prohibiting public dumping will be posted within the next few days.

The South San Francisco firm has entered into an agreement with Sunset Scavengers for use of the new dumping area "until some other solution can be found," and will pay a fee "not to exceed $3.50 per ton" to utilize the site.

The 29-acre site is expected to last about two years, Stagnaro said, and "another solution must be found before the two-year term expires."

He said "some rate increase" for the firm's customers is inevitable, but the amount of increase has not been determined.

South San Francisco Scavenger Co. serves residents in San Bruno and Brisbane, as well as in South San Francisco.

Juvenile Court

Council Cool On Use of Its Room

A county request for use of Daly City's council chambers every two weeks as a Juvenile Courtroom has met with a cool reception by responsible officials.

Deputy County Manager Henry P. Tarratt had asked for use of the plush council chambers on a temporary basis to facilitate a juvenile traffic court.

But some councilmen feel granting such a request—regardless of how temporary the use—would set a precedent and perhaps dash any chance of securing additional court space in the city.

Mayor Bernard (Bud) Lycett said the county already has a fulltime courthouse in the old city hall at 75 Wellington Avenue, and suggested arrangements be made for the juvenile court be held there.

In a letter to City Manager Edward Frank last month, Tarratt explained similar juvenile courts were already being held in North County council chambers in South San Francisco and Pacifica and the Daly City court was needed to "balance" the system.

The matter was informally tabled by Lycett following discussion and orders to staff to "look into the matter."

County-wide Bus Network Urged as First Transit Step

A Rail Link Could Follow As 2nd Phase

By VIRGIL WILSON

An integrated rapid transit system for San Mateo County, starting with a county-wide bus network, was recommended Monday by consultants for the West Bay Rapid Transit Authority.

The bus system, the engineers said, would be the first of a three-phase plan and would come into being within two or three years.

The second phase would be a rail link — an extension of the Bay Area Rapid Transit District (BARTD) line — between Daly City, Millbrae and International Airport. That could be completed by 1975.

To be completed by 1990 would be an extension of the system, but not necessarily BARTD-type trains, from Millbrae into Santa Clara County, paralleling the Southern Pacific right of way.

The total concept, project coordinator Gustave Jamart said, would cost $350 million — at today's prices. Financial consultants estimated that, because of inflation, the cost of construction and equipment will have run to $577 million by 1890.

Officials of Arthur D. Little Company, the financial consultant, estimated that the total system could be financed with a property tax rate of about 30 cents per $100 of assessed value. That would mean about $2 a month for the owner of a $30,000 home

An alternate method of financing could be a half-cent asles tax. The Little Company recommended that a combination of the two — a 15-cent tax rate and a one-quarter per cent sales tax — be used.

That, financial consultant Richard K. Lynn said, would pay for about half the system.

Information and Referral Center

D.C.'s 'Target' Area Problems Are Cited

REV. HOWARD BRYANT

By FRANK LaPIERRE

The first report ever to pinpoint problems of Daly City's low-income families and ways to assist them was released this week by the Reverend Howard Bryant, executive director of the Information and Referral center in Daly City.

The 14 page report summarizes the needs of many falling into this category and lists various efforts made by the center during the past year to help meet these needs.

A far range of subjects is covered in the "Problems and Needs of the Target Area" section of the report — from garbage disposal in target areas (usually those areas where low-income families reside) to the lack of adequate transportation.

It was pointed out that a more efficient trash removal system was needed in certain "target" areas, along with stiffer codes designed to compel homeowners to perform maintenance on their structures.

Another "significant problem needing thorough study and appropriate solution" is the present public transportation system in Daly City, the report noted.

In other community service areas the report noted there are many families in the area in need of low cost infant and child health care and dental health care.

A low-cost child care center for working mothers would also be invaluable.

The report outlined problems and needs in target areas, for:

—A Daly City inter-agency council to be established as a clearing house for exchange of information, need finding and implementation of services. The council would include both public and private agencies providing health, welfare, recreation and other social services.

—A community directory should be published for the city. This would aid persons in location of certain facilities.

—A homemaker service to provide trained homemakers to go into homes where the mother is temporarily ill or incapacitated.

—County appropriated funds are needed to provide advance payments on rentals for those persons receiving welfare assistance.

—Training should be given certain homemakers in target areas on nutrition, budget planning, purchasing and related problems.

—Establishment of a centralized housing agency geared to assist in securing housing and for general study of housing problems.

The senior citizens should be encouraged to actively partici-

Cities Again Asked What Park Facilities Wanted

Chairman James V. Fitzgerald of the County Board of Supervisors disclosed last week that he has held two meetings with officials of Crocker Land Company about the possibility of acquiring some land for park and recreation uses on San Bruno Mountain.

Fitzgerald said the talks, with engineer Sherman Ewbanks last Friday and president William Morton Monday, were only preliminary and dealt mostly with possible locations. The board asked Ralph H. Shaw, county director of parks and recreation, to continue the discussions with Crocker officials.

Supervisor Robert St. LClair pointed out that, although there is no money in the budget for the purchase, it is the stated policy of the county to establish a park site on the mountain.

The matter was brought before the board on Tuesday by resolutions sent by the city coun-

More Than Ever in Want

Needy Turn to Christmas Bureau at Yuletide

The San Mateo County Christmas Bureau — to the most needy in many cases their last resort at Christmas — reports that the number of needy families and individuals on their list is 14 per cent greater than last year.

To many of the aged, living alone in small rooms, or in homes for the aged, the Christmas Bureau's small gift or check is the only remaining remembrance that may come to them as the joyful holiday season about them reaches its climax Christmas Day.

Needy families, some whose want is so great that they look not for gifts but for sustanence, also depend upon the Bureau, which is the official agency distributing food, money and gifts to those found in real need by the Welfare Department, social service agencies, hospitals and convalescent homes.

Christmas will be as bleak as every other day in the year for many sad patients from this community in Agnews State Hospital who are without friends, without family, and often without hope. But the big holiday of the year may hold a little cheer for them if the public wants to help, say Mrs. John von Almen, Chairman of the Community Christmas Bureau, of Burlingame.

Mrs. von Almen is extending a desperate plea for gifts for patients at Agnews for those and in San Mateo County Mental Health Services. This is an area in which the doner may really use his imagination, Mrs. von Almen pointed out. "We need gifts for both men and women, something a little frivilous, perhaps, or maybe something useful, or a gift like a book to hold the patient's interest. And it may be in any price range," she said.

Gifts that are small in size are also urgently needed for the USO Lounge at International Airport to be placed under the tree for distribution to servicemen on Christmas Eve and on Christmas Day.

Mrs. von Almen said that requests are pouring into the Christmas Bureau by the hundreds for the needy, sick and lonely people whose only Christmas celebrating will depend on the auspices of the Bureau. Donations are needed and volunteer help is also needed to help the Bureau function.

Among the requests for specific articles for the needy is the one for an electrci razor in good condition. Its recipient will be an elderly blind man who lives on Old Age Assistance and Aid to the Blind. His life is so drab, she says.

For one very heavy woman who is unable to buy the size clothes she needs on her meager budget, the Christmas Bureau hopes to find a sewing machine in good condition. The woman lives alone and, because of her financial and wardrobe problems, becomes very depressed.

Anyone who has a machine she no longer uses could brighten this woman's whole world as her Christmas Day, she suggests.

A mother and father, witr five children, who, due to illness and debts, have been unable to get on their feet, would be most grateful for the minimum supply of bed linens for their family—one pair of double bed sheets, six pair of twin bed sheets, six pillow slips — and a clothes hamper, basket, or barrel.

Since the number ofne edy families and individuals alone is at least 14 per cent greater this year thanl ast, the Bureau hopes for a generous response from the public with checks, merchandise orders, food, clothing, toys and bedding.

For local residents who want to share with the less fortunate at Christmas but so many do not know how to go about doing so, the Community Christmas Bureau is everyone's Christmas Bureau. It accepts the contributions from the generous of San Mateo County, and distributes food, money, and gifts.

The Bureau may be contacted by writing: Christmas Bureau, P.O. Box 1586, San Mateo 94401, or by telephoning. Headquarters are at the Naval Reserve Training Center, Baldwin Avenue and San Mateo Drive San Mateo. All contributions and articles to fill East Palo Altorequests maf be sent or brought to the Bureau's branch Christmas House, 1849 Bay Road, East Palo Alto.

The need for a State Department of Employment office in Daly City was again emphasized. Such a facility "would provide the full spectrum of employment services."

In addition to a recommendation that community-wide discussions be held to generate a better understanding of the problems affecting these areas by the general public, the report outlined plans for a community leadership organization to develop job opportunities for the hard core unemployed; a job training program, and a long range effort aimed at development of modern vocational training courses at both the high school and college levels.

the study session Monday included:

Need for a county-wide police helicopter system. Cost of such a system would initially be some $183,539 for the first partial year of operation (including $88,758 for capital equipment) and some $189,000 per year operational costs. Mayor Lycett asked for a study by the police department.

—Discussed new fees for city-wide dog licensing. License fee for males and unspayed females would increase $1 (to $4) and decrease $1 for spayed females. Penalties would increase $1. The new fee schedule would increase annual revenues for the County Humane Society by some $23,000. This would relieve a corresponding burden on property taxes, the council was informed.

No Money For Widow's Ashes

A widow's claim that her husband's soul was damaged because of premature cremation at Olivet Memorial Park in Colma was rejected yesterday by a Superior Court jury.

The jury sustained a second claim by Mrs. Genevieve Gautier, 66, of Mill Valley — that she was given the wrong ashes — but awarded her no damages.

Mrs. Gautier contended that the two incidents had caused her to suffer recurring headaches and nightmares and otherwise caused her great mental anguish and suffering.

The jury foreman, James Turner of Menlo Park, a mathematician at Stanford Research Institute, said that, although it was proved that Mrs. Gautier was given the ashes of another man, the jury felt that the incident was not the proximate cause of her sustaining any physical damage. Turner said the jury was satisfied that the cemetery did not cremate the body of Albert Charles Gautier prematurely, as charged by the widow.

Mrs. Gautier asked $100,000 damages. She said that after her husband's death on April 15, 1962, she left instructions at Olivet that the body was not to be burned for 75 hours. She explained that they were of a Buddhist faith that believes that the soul does not leave the body until 75 hours after death. Cemetery records introduced into evidence showed, however, that Gautier was not cremated until April 19, four days after death, contrary to Mrs. Gautier's claim that the cremation was done on April 17.

Mrs. Gautier further claimed that when she asked for her husband's ashes in 1965, intending to take them to his native France, she was given the wrong ashes. She took the ashes back and the mistake was corrected, however, Turner said that, although the jury was convinced that the cemetery had been negligent on that score, there was no proof that the mistake caused Mrs. Gautiar's illness or mental anguish.

The trial was held over a four-day period in the courtroom of Judge Louis B. Dematteis. The jury deliberated for only an hour before reaching its decision.

Cities Again Contacted About Park

cils of Daly City and South San Francisco calling for immediate action on the park.

County Manager E. R. Stallings said he had sent letters to those cities and to Brisbane, asking them to specify what they would want to see on San Bruno Mountain. He had heard only from Daly City, Stallings said.

The county manager asserted that it will be difficult to deal with the land owner about sites until it is known what type of facilities the cities want.

In his reply to Stallings' inquiry, Mayor Bernard J. Lycatt of Daly City threw in this comment:

"The thought that comes to my mind is how many times do we have to submit our thoughts on an item to the county on the same subject."

Lycett enclosed copies of a letter and report sent to the county more than two years ago, in which Daly City officials stated that 500 acres would be about right for the San Bruno Mountain park. Their proposal included picnic areas (41 acres), outdoor ampitheater (1 acre), day camping areas (10 acres), shelters (2 acres), equipped playgrounds (2 acres), overnight camping areas for youth (5 acres), museum (1 acre), swim pool (1 acre), golf course (160 acres), turfed play areas (15 acres), man-made lake (5 acres), recreation-social building (4 acres), water reservoirs (50 acres), model airplane course (1 acre), plus trails, archery range, rifle and skeet range and scenic view areas.

"This represents no radical change in the union leadership," she said, "but results simply from my having too many outside duties."

She will continue to serve on the AFT Executive Board, and will remain active in union affairs.

Miss Jansen's term spanned the period in which Local 1481 staged a brief but disruptive strike against the district over negotiation of some 12 demands.

Countywide Bus Network Recommended

(Continued From Page 1)

The other half would be financed from state and federal sources and a projected $10 million operating surplus when the entire system is in use.

Dr. Cyril C. Hermann, vice president of the Little firm, said the 30-cent property tax rate, supposing that method of financing were chosen, would be less than half the projected rate that would have been imposed if San Mateo County had stayed in BARTD instead of pulling out of the district in December of 1961

The rapid transit plan, the result of a three-year, million-dollar study, was prepared by DeLeuw-Cather & Company, a world-wide transportation engineering firm, in collaboration with the George S. Nolte engineering firm of Palo Alto and Stanford Research Institute. The recommendation of the team was to be presented this afternoon to directors of the West Bay district.

A series of community conferences has been scheduled, starting at 8 p.m. tomorrow in Half Moon Bay High School. Six others are scheduled for January. West Bay officials and their consultants will be on hand to explain the transit plan.

Following the community meetings and sessions with each of the county's 18 city councils, the West Bay board will decide on a master plan proposal, which will be submitted to the voters in June of 1969. John C. Lilly, West Bay general manager, called the planning technique "unique" in that it will rely equally on two sources — the consultants' recommendation and the wishes of the people.

No proposal for financing the system will be submitted in the June election. If the voters approve the master plan — it takes 50 per cent of the voters plus one — the financing plan will be submitted to a subsequent election.

"If the guideline plan is not approved in June," Lilly said, "only two courses appear open. Either San Mateo County's traffic congestion will grow steadily worse, or the county's transportation decisions will be made by some regional agency with less knowledge of and concern for this county's residents."

Jamart asserted that a county-wide feeder and express bus service will be needed whether or not any rail transit system is ever built. Lynn said that the bus system, which would have to be financed almost entirely with local money, would operate at an estimated annual deficit of $2 million. The rail system to be developed later, however, would provide sufficient revenues to put the operation in the black, he added.

The bus network would cost an estimated $20 million and the Daly City-airport link $100 million — at today's prices.

Lilly said there is no thought at this time of annexing San Mateo County to BARTD. Arrangements have been worked out between BARTD and West Bay officials in the event an extension of the BARTD system is desired.

Jamart said the second stage of the proposal would provide a direct connection between Daly City and a station in the vicinity of Millbrae. Passengers could transfer there to the Southern Pacific line or to a special service that would take them to the airport. Jamart said he envisioned the airport line as a "small, bus-like automated system on an elevated structure."

Smith, Mental Health Association auctioneer and KSFO disk jockey, smiles with Peninsula beauties as they display an original "Peanuts" cartoon strip to be auctioned off to the highest bidder at the fourth annual "Gallery — Art For Everyone" art show to be held Friday, at 7 p.m. at the North County Mental Health Center, 45 Southgate Avenue, Daly City. The public is invited. Proceeds will benefit Mental Health Association volunteer activities. 4 N. County Stations On Rail Line, Plan

As proposed by consultants of the West Bay Rapid Transit Authority, a rail line running between Daly Ctiy and Millbrae would have stations at San Pedro Road in Colma, Chestnut Avenue in South San Francisco, Tanforan in San Bruno and Center Street in Millbrae.

The route, as outlined Monday to West Bay directors by Lou Larson of the George S. Nolte Engineering Company, would follow the existing Southern Pacific right of way in Daly City to El Camino Real, then parallel the highway through Colma to the old San Francisco-owned Mission Street line, then follow that right of way to Millbrae.

Trains would operate at a frequency of two to four minutes juring commute periods and no less frequently than 12 minutes at other times of the day.

Some $18 million would be spent for stations and another $27 million for parking facilities.

As proposed by consultants of the West Bay Rapid Transit Authority, a rail line running between Daly City and Millbrae would have stations at San Pedro Road in Colma, Chestnut Avenue in South San Francisco, Tanforan in San Burno and Center Street in Millbrae.

The route, as outlined Monday to West Bay directors by Lou Larson of the George S. Nolte Engineering Company, would follow the existing Southern Pacific right of way in Daly City to El Camino Real, then parallel to the highway through Colma to the old San Francisco-owned Mission Street line, then follow that right of way to Millbrae.

Larson said West Bay has been assured by both Southern Pacific and San Francisco that the routes will be available.

County Supervisor James V. Fitzgerald, a West Bay director, asked how it would be possible for San Mateo County to adopt a plan calling for a connection with the Bay Area Rapid Transit District (BARTD) station in Daly City when there is no assurance that the BARTD line will be extended that far.

There has been talk of eliminating the Daly City station because of the Bay Area district's financial troubles. A plan for a special half-cent sales tax within the district is now under consideration, however, and would permit construction of the fill BARTD system as planned, including the Daly City station.

Gustave Jamart of DeLeuw, Cather and Company, the project coordinator, said the transit plan submitted to the West Bay board on Monday is based on the assumption that the Daly City station will be there.

"Personally," Jamart said, "I can't conceive that such a tremendous outlay of public funds would be wasted by not completing the BARTD system."

Post Office Set For Mail Deluge

Preparing for the annual deluge of Christmas mails, the Daly City post office has announced their schedule of window service hours, according to Postmaster Vincent P. Murphy.

The schedule, beginning on Saturday, December 7, 1968, will be 8 a.m. to 12 noon; Saturday, December 14, 8:30 a.m. to 5:30 p.m. at Main Office, with all stations open from 8 a.m. to 12 noon; Saturday, December 21, all stations will be open from 8 a.m. to noon.

On Sunday service will be provided at any of the stations. Weekday service will be from 8:30 a.m. to 5:30 p.m. until December 23, when normal service hours will be resumed.

In addition to listing the hours for stations, Murphy also announced these special hints for Christmas mail users:

Use ZIP Code numbers for speedy delivery (and return).

Use six-cent stamps for Christmas cards which allows personal messages, forwarding and return of the article.

Pacificans Are Urged to Sway SSF on Westborough

By DON GRIERSON

Board of Supervisors Chairman James Fitzgerald last week urged Pacifica councilmen to use their influence to help facilitate construction of the Westborough Boulevard Extension in South San Francisco.

"This project is important to Pacifica and other North County cities besides South San Francisco, and I urge you to do what you can to clear the way for progress," Fitzgerald told the Coastside councilmen at a joint luncheon meeting in San Mateo.

County Engineer Don Wilson has recommended that the board abandon the million dollar project because of South San Francisco's insistence that a drainage facility to be constructed in connection with the new road be maintained as part of the County Flood Control District.

South San Francisco officials have refused to ratify an agreement on the joint project because of the drainage system maintenance issue.

"The city's present position indicates they do not intend to proceed with the project, so I recommend that funds for the road be returned to the unallocated reserves," Wilson's report to the board states.

Fitzgerald said he feels the board has "gone as far as we can go" in the matter, and "agreed to at least a dozen compromises."

"The first disagreement was over the question of landscaping," he said. "We broke all precedent in the county, and agreed to landscape the road."

He cited several other instances where the county has "given in to South San Francisco" in connection with the road project, but said the board will "probably vote to abandon the project at the regular meeting December 3, unless the city changes its position."

Fitzgerald said the county is opposing the citys demand for Flood Control District maintenance of the drainage system because it would "set an undesirable precedent."

He noted that establishment of a "sub zone" to accommodate the city's request would be a "very expensive procedure," and also said such a move could render the county liable for damage suits in the event of flooding in the area.

The county has spent more than $1 million for purchase of rights-of-way in connection with the road project, and another $1 million has been set aside for the construction project, according to the board chairman.

"The section of the proposed road between Skyline Boulevard and Junipero Serra is especially important to Pacifica residents, since it would serve as an access to Sharp Park Road," Fitzgerald told Mayor Nick Gust and the Pacifica councilmen.

"It would also relieve traffic conditions in San Bruno."

South San Francisco Mayor Frank Bertucelli and other officials in the city have insisted that Flood Control District maintenance of the dranage facility "has been part of the agreement from the beginning."

"We did not hear otherwise until the county engineer submitted his recommendations a few days ago," Bertucelli said this week.

He has indicated the city will not budge from its position in the matter, even if it means loss of the project.

"A deal is a deal," the mayor said.

Pacifica councilmen agreed Tuesday to attempt to persuade South San Francisco to compromise on the project, "at least enough to allow construction of the section of road between Junipero Serra Boulevard and Skyline."

In another matter discussed Tuesday, Pacifica officials asked for assistance from the board of supervisors in efforts to halt the proposed annexation of Green Valley by Half Moon Bay.

City Mgr. C. W Masonheimer told the board members the annexation issue was "not just a Pacifica problem," but would effect the entire county.

"Our efforts to stop this move are not related to any interest in a 'land grab' on our part," the manager said, "but arise primarily out of concern over possible loss of the Green Valley area as a potential dump site."

The county has designated the Green Valley area as a "solid waste disposal site." The property has been appraised, but not purchased.

New Clues Are Uncovered In Murder of Reno Man

Richmond police and a San Francisco private detective disclosed last week that they have uncovered new clues in South San Francisco in the 1967 murder of a Reno businessman.

According to Richmond Police Sgt. Ray Ohlen and Detective Harold K. Lipset, a South San Francisco bartender has recalled seeing a watch and ring matching the description of jewelry taken from the body of Donald Loveless, 36, after he was strangled to death and thrown from an automobile in Richmond, Aug. 24, 1967.

The bartender, not identified by investigators, has stated a customer showed him an elaborate ring similar to the $2,000 diamond ring taken from Loveless. The customer also asked the bartender to "appraise" a $150 Longine watch in a "gold butterfly case," according to the investigators.

A watch of this description was also taken from Loveless.

A customer brought the jewelry into the bar late on the night of the murder, and stated he had purchased the pieces from a stranger at a bus stop for $30, according to the bartender.

South San Francisco detectives said they have not been notified of the investigation going on in the city, and had no knowledge of the case.

Loveless, a Reno store executive, was in San Francisco for a business conference when the murder and robbery occurred.

Found at Off-Ramp

He was seen leaving a Sutter Street bar about 9 p.m. on August 24, and his body was found near a Richmond freeway off-ramp about an hour later.

He had been strangled with his necktie, and the ring, watch and his wallet were missing.

Loveless' family has offered a $1,000 reward in the case.

Investigators have stated they are hopeful the South San Francisco bar customer who purchased the jewelry will "come forward and aid in solution of the case."

Couple Held In Credit Card Spree

South San Francisco police arrested a San Francisco couple Sunday after they allegedly attempted to purchase $121 worth of merchandise at the White Front Store with a stolen credit card.

Arrested were Charles and Barbara Tate, of 214 Whitney Street, San Francisco.

Police said a security officer at the store checked a credit card presented by the couple with the Master Charge Co., and learned that it was stolen. The security officer then notified police, who arrested the pair in the store.

Four Credit Cards Taken

Four credit cards made out to Richard A. Hourigan were stolen from his home at 43 Rockridge Street, Daly City police report.

A neighbor gave police a description of a juvenile seen hanging around the victim's house and a search is under way.

Car Crashes Fence, Ends Up in Yard

A 14-year-old Daly City youth lost control of the car he was driving Thursday in the St. Francis Heights section of the city and ended up in the backyard of a home after smashing through a wooden fence.

Daly City police said Arthur Edwards, 14, of 447 Winchester Drive, was driving down a steep grade on St. Francis Boulevard when he apparently lost control of the car while attempting to make a right turn.

The vehicle careened through a fence surrounding the corner home of Chester G. Isaacson at 300 Eastmoor Avenue, and came to a stop several feet short of the building.

Your Phone Costs More Than Before

Higher rates go into effect Monday for customers of the Pacific Telephone & Telegraph Co.

The rate increases will provide an additional $50 million annual revenue for the company.

The phone company had originally asked the Public Utilities Commission to allow increases totaling $181 million. The PUC, however, allowed only the smaller increases and ordered the company to put some of the money into improving services.

Single-party residential phone customers in the San Francisco area, who have been paying $3.90 per month, will now pay $4.65. The two-party flat rate rises from $3.20 to $3.75, and the two-party message rate rises from $2.45 to $2.75 for 60 message units.

The charge for connecting a residential phone rises from $8.50 to $10, and extensions, formerly free, will now cost $5 each to install.

A 'Cat and Mouse' Game After Girl Is Attacked

A weeklong game of cat and mouse between a rape suspect and his victim ended with his arrest following a foot chase across Lake Merced Golf and Country Club Saturday morning.

The arrest of Donald William Moseman climaxed a week of waiting for the accused rapist to keep his promise to see his pretty 19-year-old victim again after allegedly raping her in a secluded area of San Bruno Mountain last week.

Last Tuesday, the girl told police, she was forced into Moseman's car while waiting for a bus in downtown San Francisco and driven to the mountain where he allegedly attacked her.

According to Broadmoor Police Chief Ray Savage, the girl convinced her assailant that she would like to see him again and arranged to meet the suspect the next night at her Broadmoor home.

After being released the victim called police and reported the incident. Sheriff's units and Daly City and Broadmoor police were alerted and the waiting game began.

But the man telephoned and informed the girl he would not be able to keep the date and promised to contact her later. On Saturday morning, the man called again and said he would "be right over."

Chief Savage arrived at the victim's home minutes after the suspect, who fled out the rear door when he spotted the officer.

An all-points alert was flashed and the suspect was reported fleeing across the plush golf course near the victim's home.

Daly City Policeman Art Glass closed in and arrested Moseman as he hid out on the landscaped grounds.

Moseman remained in custody today in the County Jail at Redwood City.

He was identified as a 29-year-old stage rigger residing at 97 Mar Vista Drive in Daly City.

'Extortion Racket' Found At Colma School

A bizarre extortion racket centering around a sixth grader at the Colma Elementary School in Daly City has been uncovered by police following complaints from an upset teacher, it was learned.

The case may involve as many as a dozen children at the school — all victimized by a 14-year-old youth who police describe as a "youngster from a middle-class family."

For the past several months, the youth collared younger and smaller children at the school and threatened to beat them up if they did not hand over the change they hand in their pockets.

And if they did not have money, the youth would take their lunches, police allege.

Most youths complied with the demands and kept their mouths shut for fear of reprisal from the husky suspect.

It wasn't until last week that an inquisitive parent demanded to know what her son was doing with the money she was giving him. The boy told her and a call was made to the teacher.

Police were called in and an investigation begun.

Police are aware of only a couple of instances when the young suspect carried out his threats and roughed up his victims.

S.S.F. Home Burglarized

The home of a South San Francisco resident was burglarized sometime Saturday while the family was visiting out of town, police reported.

Officers said $95 in cash was taken from the residence of Derique R. Mosqueda, 101 Toyon.

Entrance to the house was gained through prying open a rear bedroom window.

Power Off In Daly City

Some 6,000 power users were without electricity for 28 minutes early Saturday in southern parts of San Francisco and northern areas of Daly City.

A spokesman for the Pacifica Gas and Electric Company said another 6,000 experienced a power loss for approximately one minute.

The outage came at 6:44 a.m. when a high voltage transformer failed to function.

Over half of the 13,000 units first affected by the outage had power restored to them by 6:45 a.m., through automated switching, the PGE's spokesman said.

Supervisor Bob St. Clair Asked If He's Available for U. S. Post

By FRANK LaPIERRE

San Mateo County Supervisor Robert St. Clair has been asked by an official of the National Association of County Officials if he is available to serve the Nixon-Agnew Administration, it was learned Friday.

Berny Hildebrand, executive officer of NACO, telegramed St. Clair from his Washington, D.C., offices and asked if the supervisor would be willing to serve the new administration in some rapacity.

Wants Time

What the position is, or whether St. Clair will accept, remains unanswered.

St. Clair, a Democrat, said he nedes time to think about the offer.

The offer is part of a continuing nationwide "talent search" being conducted by several organizations at the request of the Nixon Administration in the hope of finding top people for various posts.

County Manager Robert Sallings received a similar request, but was expected to decline inasmuch as he has announced his retirement from government activities.

Stalling is well known throughout the state for his contributions to the Republican party.

Observers feel St. Clair was asked for his availability because he impressed certain top Republican officials during a recent national conference on disposal of solid wastes (garbage) in Williamsburg, Va. The meet was sponsored by NACO and many participants expressed their feelings over the excellent presentation St. Clair made.

The former 49er football star began his political career in Daly City less than ten years ago as a councilman. He later became mayor of the city and had to resugn when he moved to Millbrae in 1964.

St. Clair entered and won the supervisor's race agaist incumbent Adolph (Bud) Harrison three years ago.

The announcement that Democrat St. Clair was being considered by the Nixon Administration came as a shock to many Republicans in the county.

Active Republican party worker Robert E. Hunter, a San Francisco attorney and former Daly City city finance director, expressed surprise at the offer.

"I would suppose (Nixon) could use him for an image concept, perhaps in a health and welfare post, working with youngsters," Hunter said.

Another North County politician, who asked he not be identified, said St. Clair "has strong local identification" and would be "very useful" in a position that called for dealing with people, especially youth.

Westmoor Girls FTA Volunteers

Representing Westmoor for the volunteer tutoring program, sponsored by the Future Teachers Association at Westmoor, is senior Lilyanne Whiteman, and sophomores Marlene Cann and Sylvia Bates.

This tutoring program, headed by Miss Susan Vogel, is designed to help those elementary level students who are in need of extra help because they cannot compete with children of their own grade level.

Participating students were first interviewed, and then attended training meetings. Children were assigned to the tutors according to compatible personalities.

Meetings are held twice a month for all tutors to evaluate the progress of the tutoring program and to discuss problems that may have arisen within the previous two weeks.

Qualifications for the tutoring program, are patience, understanding and a willingness to devote time in the project.

When asked if she thought the tutoring program was really helping children who need strengthening in subject areas, one of the tutors, Lilyanne Whiteman replied, "Yes, but all children need more than just help as far as schooling goes, they need love and understanding and part of the tutoring program is to provide those things if they are lacking of them."

Soldier And Youth Held In Burglary

Two Daly City men—one an enlisted man in the U.S. Army—was arrested last Tues afternoon following an unsuccessful burglary attempt.

John Rusconi, 20, 271 Del Prado Street, and Patrick D. Clabby, 19, 1433 Southgate Avenue, were arrested within blocks of an alleged burglary attempt by Captain David Hansen and several officers.

Rusconi told police he was a resident of Daly City, but still on active duty with the U.S. Army. The matter is being investigated, police said.

Police were called to 501 Vista Grande Avenue about 3:45 p.m. when residents of an apartment building in the city notified police that the pair were trying to force their way into the building with a tire iron.

As units approached the area, the suspects were seen walking rapidly away. One of the youths allegedly tossed a tire iron under a parked car as police confronted them, Captain Hansen said.

Both suspects are being held in city jail in lieu of $1,250 bail each.

Explorers Club Takes a Trip To Chinatown

Fifteen members of Westmoor's Explorer's Club recently explored Chinatown, learning old customs, seeing Chinese treasures, and walking through a fortune cookie factory.

Halfway through the trip, members entered a Buddhist-Taoist chapel and listened to the tour guide, tell of the different beliefs and customs of the two different religions practiced within.

At noon, members stopped for lunch at a little sub-level Chinese restaurant and enjoyed a meal of chow mein, fried rice, prawns, and jasmine tea. Fortune cookies were eaten with new interest, as a result of a fortune cookie factory tour previous to the luncheon.

A Fire Bomb In Pacifica

A fire bomb was thrown into the open door of the storage room at a Pacifica store on Sunday, fire department spokesmen reported.

Authorities said a customer at the Seven-Eleven Store at 2480 Skyline Boulevard spotted a small blaze in the storage room at 9:15 p.m.

Damage was confined to a shelf and stacks of magazines in the storage room.

Firemen said "some sort of incendiary bomb" was apparently tossed through the open door of the storage room.

San Bruno Man Dies in Crash

A 32-year-old San Bruno man was killed Sunday near Dunlap, Calif., when his car left a roadway and slammed into two trees.

The victim was listed by the Highway Patrol as Kenneth Slaughter.

The Highway Patrol said the victim apparently attempted a curve on Dunlap Road at high speed.

Two Gunmen In Holdup In Daly City

Two gunmen held up Johnny's Delicatessen at 101 Acton Street Sunday night and fled after taking some $180 from a register and $175 from the wallet of owner John J. Pope, Daly City police report.

The pair walked into the delicatesen, ordered Pope to hand over all the money and fled on foot into the darkness.

Century-Old Watch Taken In San Bruno

A railroad-type yellow-gold watch, said to be over 100 years old and valued at $200, was among items reported taken from the Vernard Smetzer home in San Bruno sometime last week.

Returning from a southern California vacation, Smetzer told San Bruno police his home at 131 Del Norte Drive had been burglarized sometime between last Wednesday and 7 p.m. Sunday.

The neat burglars took, in addition to the watch, a bottle of liquor, two felt pens and six pencils.

Tar Ignites, Three Hurt Sunday Morning in D.C.

Twenty-two-year-old Fistas Zoldan, his hands burned, threw a gallon can full of molten, flaming roof patching material out the front door of a Daly City home Sunday and the tar hit two women who were walking up the stairway, police report.

According to Daly City fire department spokesmen, Zoldan had grabbed the hot can from a stove in the kitchen after the tar ignited and then exploded when an attempt was made to extinguish it with a cupful of water.

Firemen said Zoldan, Esther Orozco, 47, and Nury Ayala, 22, suffered burns.

Second Degree Burns

Zoldan, according to Mary's Help Hospital sources, was treated for second degree burns of both hands, while the Oroczo-women received treatment for first degree burns of one leg. Nury Ayala apparently required no teratment at the hospital.

Another woman, Olympia Orzco, 62, was treated for smoke inhalation.

None was admitted to the hospital, however.

Firemen told this story:

While Mrs. Norma Montaner was attending church services, a friend, M. Urizzar was preparing to patch leaky portions of the Montaner home at 98 Woodrow Street. Zoldan was helping him.

Urizzar put the gallon can full of taro on the electric stove to make it more pliable.

Soon after that he went down stairs, not intending to be gone for more than just a few minutes. But a dog in the house dashed outside and Urizzar went to retrieve the animal.

Found Tar Afire

When he returned with the dog, Urizzar found the tar had ignited on the stove. Urizzar threw a cup of water on the blaze and the can exploded, spraying hot and flaming tar all over the kitchen and burning cabinets, walls, flooring and appliances.

Zoldan attempted to remove the can and its contents from the stove. He failed once, but on a second attempt and despite burns of the hand she was able to get the container to the front door.

He heaved the can and its contents outside, apparently just as Esther Orozco and Nury Ayala were coming up the stairs, police said.

When firemen arrived they saw both the women and Zolda standing on the front sdewalk, all three, they said, covered with burning tar.

Witness Arrests Driver at Scene

A citizen arrested a Daly City man Tuesday and charged him with drunk driving after his car smashed into another vehicle at a busy intersection injuring two small children.

Police said Ferdanand White, 23, of San Francisco, witnessed a car driven by Raymond J. Weatherbee, 45, of 82 Tallwood Street, careen into a stopped vehicle at the corner of Mission and Hillside Streets shortly after 10 p.m.

White placed Weatherbee under citizens arrest at the scene and held him until the arrival of police. The charge was later changed to investigation of felony drunk driving.

The driver of the second car, Northgate Avenue, Daly City, Mrs. Katheryn Wilcox, of 237 escaped injury, but her two daughters Mary K. (14) and Linda Anne (12) were injured in the accident.

Both children were treated at Mary's Help Hospital and released. Most seriously injured was Mary with a laceration on the forehead requiring 14 stitches to close. Linda Ann suffered a shoulder injury.

WITNESS MADE ARREST — After watching this collision, Ferdinand White, San Francisco, arrested driver of car at right. Two girls, riding in car at left were injured in crash at Mission and Hillside streets, Daly City, last night. (Post Photo)

4 Burglaries In One Night In South City

Three residences and a business concern in South San Francisco were burglarized last Wednesday, police reported.

The residence of Jerome Brandi, 803 Commercial Avenue, was broken into while the family was away, and $64 in cash was taken. Entrance to the house was gained by forcing a rear window, according to police.

Another house belonging to a Mr. Harrigan, 2520 Tara Lane, was also broken into. The Harrigan family was out of town, and police have not determined what was taken in the burglary.

A neighbor reported discovering the house had been entered through a rear sliding door, police said.

Burglars entered the home of Frank Arevalo, 2401 Ardee Lane, and removed several pieces of radio equipment and an undisclosed amount of liquor. Officers said value of the property has not been established.

A photograph booth at Winston Manor Shopping Center was broken into, and $83 in coins were taken.

The booth belongs to the Fotomat Company, according to police.

San Bruno Apartment Is Damaged

A one-bedroom apartment, being readied for new tenants, was damaged at 1:10 a.m. Monday when fire apparently starte in a trash container.

About $1200 damage was caused, according to San Bruno firemen, to the apartment at 512½ Oak Avenue.

A fire department spokesman said the owners, who reside at 512 Oak, had been working in the apartment until about an hour before the fire was discovered in the hallway of the apartment, located behind the owners' home.

The hallway, a nearby bathroom door and floor covering were scorched and smoke damage throughout was reported.

After 5½ weeks of training, Miss Lucy has been assigned to United's flights out of Chicago.

Miss Lucy graduated from Oceana High School in 1966 and attended the College of San Mateo. Prior to joining United, she was employed by Kelly Girl in Millbrae.

In becoming a stewardess, Miss Lucy joins a profession pioneered by United 38 years ago.

County Sued In Deaths Of Seven Cows

The county and the San Bruno Creek Flood Control Zone are blamed in a lawsuit filed in Superior Court last week for the "unfortunate and violent demised" of seven dairy cows in San Bruno.

The suit, filed by the Witt Home Ranch, blames the public agencies and their contractors, Douglas Madison and Maguire & Hester for tearing down fences and gates during a flood control construction project and allowing the cows to "roam undaunted and carefree" upon the Southern Pacific railroad tracks.

On August 22, the suit recites, the herd was struck by a fast-moving freight, which "scattered mutilated carcasses over a large perimeter."

The suit does not specify the amount of damages being sought, but states that the cows were worth $500 each and that it cost $50 to have the dead cows removed. In addition, the ranch asks recovery of the cost of repairing fences and gates.

Optimist Club Meets

Chairman for the December 5 meeting of the San Bruno Optimist Club will be Carlo Magorio. The meet will be held at the New Southern Restaurant, South San Francisco, at 7:30 p.m.

Speaker at the last meeting was Frank Fenlon of the California Highway Patrol. Sid Kaufman was chairman of the program.

The planned program for the December 19 meeting is a Christmas party. In charge of the arrangements are Carlo Magorio, Bill Weiss, Peter Minudri and Max Muldner.

Odor Brings Arrest of 3 Teen-agers

A burning marijuana cigarette in a car ashtray was responsible for the arrest of three teen-agers in Daly City last Tuesday for possession of marijuana.

According to police, Officer Fred Holewinske was on routine patrol in the city about 9:30 p.m. and stopped a vehicle for a minor traffic violation.

Inside the car were three youths.

Officer Holewinske said he saw a burning cigarette in the ashtray and smelled the pungent odor of marijuana inside the car. A further check allegedly revealed five plastic bags of marijuana valued at some $5 per bag inside the car.

Arrested and booked into city jail were Matthew Russo, 18, 549 Lausanne Street, Daly City; Clifford J. Farrell, 18, 484 C Street, Colma, and an unidentified 17-year-old.

Teachers Would Ask Board For In-Service Programs

By WILL E. THOMAS

The Jefferson Union High School District Teachers Association thinks instructors should have in-service training programs on drug abuse problems as well as in problems of minorities "as they relate to education and the future of our society."

These were but two of numerous thoughts derived from a recent planning meeting conducted by the association and in which some 60 teachers from the Jefferson High School District's five schools participated.

The teachers also expressed a desire that teacher committees be involved in the selection of the superintendent, all administrators and new teachers, and in the establishment of new administrative positions.

While the group indicated it would "ask" a number of points in its 1969 negotiation program, it asserted it would "demand" that standards of pupil behavior be enforced and "that the board and administration support the teachers when they implement this policy."

That a qualified person be selected by teachers and administrators to fill a new position of school-community TV coordinator also was one of the suggestions in the 19 point "professional program" of the unit.

The unit also believes it should have a say in the job descriptions for all district positions, in addition to a voice in the "over-all planning and implementation of district policy" through teacher-administrator councils.

The association negotiation draft paper also asks for teacher-student-community task forces to combat litter.

Under a category entitled "Community Action," the group stated female teachers and students should be allowed to wear pant suits "on cold or rainy days" and that male teachers and students be permitted "short, clean, well-trimmed beards."

It would urge an open campus policy "wherever possible' ask that the board of trustees "involve teachers in the solution of community problems and public information programs concerning the problems of school finance, and sponsor a program of open ended teacher-community discussions on the problems of the schools with a "view to acting on the results."

The paper also suggested the board involve parents in school programs.

Lowell Yeatts

North County's 'Witnesses' Help Shape Assembly

Lowell K. Yeatts, circuit supervisor for 16 San Francisco and Peninsula congregations of Jehovah's Witnesses, has announced the organizational arrangements for their upcoming circuit assembly, December 20-22, at the Winterland Arena in San Francisco. Forty-three ministers have been assigned to administrative positions to direct the 21 convention departments.

William Thompson, presiding minister of the Daly City Congregation, has been appointed assistant assembly manager. Dale Dani of Colma as assistant news director. Carl Deaton and Larry DeLorenzi of Pacifica will also serve in directive capacities.

Yeatts said that when the assembly is in progress there will be from 250 to 300 volunteer workers needed to keep the different departments operating.

"We have no trouble getting the help we need," he said, "because the volunteer workers are also delegates. In fact, the entire assembly is organized and operated by Jehovah's Witnesses themselves, none of whom receive any remuneration for their services."

According to Yeatts, over 1,800 are expected to be present to hear the public Bible lecture, "God's Way Is Love."

Presbyterians To Emphasize Advent Season

Advent Season emphasis is being made at the worship services of the Broadmoor Presbyterian Church, 377 Eighty-seventh Street, Daly City.

This Sunday the sermon topic will be "A Faith to Proclaim," as preached by the Rev. Herbert C. Tweedie.

Advent and Christmas hymns will be sung by the congregation.

The Junior Choir will sing at the 9:30 service and the Adult Choir will sing, "O Holy Child," by Parish at the 11 o'clock service.

The Junior choir director is Mrs. Barbara Greeno with David Frankeberger the Adult Choir director. Carl Eagle is the organist.

New church members will be welcomed at the second service.

A "Friendly Coffee Time" is held between services from 10:30 to 11 a.m.

Sunday School is in session during both hours, with infant care provided.

'Child of God' Sermon Topic

"The Exciting Life of a Child of God," Matthew 5:33-48, is to be Walter Stram's 11 a.m. message at the Peninsula Church of Christ (Christian) in San Bruno, Angus Avenue at Masson, on Sunday.

Holy Land pictures will be shown at 7 p.m., following 30 minutes of singing. The minister will present his series of color film slides taken on his recent tour of Israel and Greece.

Bible School is held every Sunday morning at 9:45, with classes for all age groups.

Thursday at 7:30 p.m. is the mid-week inspiration hour.

ORIGINALITY, VARIETY AND musicianship were some of the outstanding features that helped Wonder Bread, above, win Westmoor's Battle of the Bands, held recently. Organized by the executive board, the battle benefitted the Westmoor-Jefferson project. Judges Greg Adams, Bill Brown, Rich Hartman, Robin Kramer and Jeanne Olson took into consideration the group's over-all appearance and how the audience reacted to each group. Wonder Bread, a San Francisco group, received $50 first-place money and a $75 contract to play at the Junior Class dance on January 30. Second place went to the Roamen Legion. Also performing before a large crowd in the gym were Liquid Earth and Shades of Silver. The battle helped raise money for the Daly City Referral Center.

Coast CAP Unit Members in Field on Weekend

Bivouac At Memorial Park in S.M.

Twenty members of the Pacifica Civil Air Patrol Squadron spent the Thanksgiving weekend on a training bivouac in the San Mateo Memorial Park. Thirteen teen-age boys and girls underwent field training in ground search and rescue procedures designed to back up the pilots who fly the air search missions seeking lost or crashed planes.

Guided and trained by six adult members, the cadets took only three hours to find their simulated plane crash, using all of the approved methods and skills approved by the Air Rescue Service. They were also instructed in ground communications and rescue techniques.

Led by Cadet officers Rex Starr, Roy Avery and Wayne Hawkes, the cadets David Avvery, Melinda Bond, Jay Curry, Paul Poso, Linwood Smith, Glenn Poso, Harold St. Clair, Marcel Vital and Russell Button effectively completed problems laid out by Senior Officers Charles Starr, Thomas Hawkes, Robert Jackson, Vincent Brown, Robert Simon and Donna Starr.

The three-day campout will result in the qualifying of another rescue team to back up the many San Mateo County pilots who fly out of our local airpotrs.

Civil Air Patrol Senior member Bob Jackson is pointing out to Pacifica CAP cadets Linwood Smith, David Avery, Melinda Bond and Team Leader Wayne Hawkes the line of flight of the aircraft "crash" they are to find in their ground search and rescue training exercise last weekend.

Irvin Tweet, pastor at Our Redeemer's Lutheran Church, South San Francisco since 1960, has been named Director of Admissions and Public Relations at Golden Valley Lutheran College, Minneapolis.

Tweet's specific responsibility will be student procurement and development of public and church relations of Golden Valley College.

This youngest of Lutheran colleges — only a year old — it is one of the 70 junior colleges opened in the United States in 1967.

At the Our Redeemer's Lutheran Church, Reverend Tweet was pastor of this congregation. He moved to California in 1953, to take a similar position in Oxnard, California. Previously he had served congregations in Oregon and Washington, since his graduation from Luther Theological Seminary, in 1945.

His resignation from Our Redeemer's Lutheran Church was effective November 30.

Following a tradition of many years, Mrs. Vern Box, president of Riordan Mothers Guild, has announced the Guild will be joined by members of the Fathers' Club at the annual Christmas party on December 10 at 8 p.m. in Chaminade Hall of the High School.

Plans will be made for their annual games luncheon January 29.

The co-chairmen for the December meeting will be Mr. and Mrs. William Feeley and Mr. and Mrs. J. Andes.

Bank Plans Christmas Open House

The First National Bank of Daly City has announced special festivities and decorations for the Christmas season.

"The American Christmas that we know is composed of threads from many lands, which when combined are woven into a beautiful tapistry, reflecting many different and beautiful customs," a bank spokesman said.

"To everybody, Christmas is a home-coming day, a family day, with simple religious devotions and with special feastings," it was explained, and The First National Bank has invited the community to visit each of its four offices after December 19, to see how Christmas is celebrated in different lands.

There will be a special Christmas Season "open house" with refreshments at all branches on December 19, 20, 23 and 24.

S.S.F. Scouts Share Awards

Awards were widely shared recently at a court of honor for South San Francisco's Boy Scout Troop 80.

Dennis Cociani, of 700 Spruce Avenue, attained the rank of eagle scout.

Reaching life scout status were Mike Knight, Robert Douglas, David Rauenbuehler, uglas Millard and Bruce Morgan.

The rank of star scout was qwarded to Mark Horden and a first class badge was earned by Peter Rauenbuehler.

Summer activities of the troop included a week-long camping trip to Lake Shasta and a boat ride to Shasta averns. Nine boys participated in the White Stage program for a week at Camp Kit Carson in the High Sierra.

There are a few openings in the troop for boys 11 to 14 years old. The troop is sponsored by the United Steelworkers of America Local 1069 and meets every Monday evening at 7:30 p.m. at the Steelworkers Hall, 208 Miller Avenue, South San Francisco.

Girl Scout Volunteers View Film

Adult Girl Scout volunteers of the Twenty-First Area Association saw a film on "council-wide friendship troops and bridges of understnading" last month at their meeting in Daly City.

Debbie Reynolds is featured in the film, entitled "Behind the Scenes."

In other business at the meeting, Scouting leaders Mrs. William Kennaugh and Rrs. Harold Levy restated the Council's "Proposal for Action for 1968-69."

"The San Francisco Bay Girl Scout Council believes girls benefit most from membership in troops of wide range, with diversification in race, religion and cultural background," the proposal states.

"We believe girls everywhere seek friends, new adventures, opportunities to feel needed, successful and important, and a code of ethics for everyday living. Girl Scouting can provide these opportunities through troop and council activities."

An evening meeting of the association is scheduled for January 22 in the Coral Room or the War Memorial Building.

MITCH S. CHERNOCK is congratulated by Assemblyman Leo J. Ryan and Daly City Attorney Albert Polonsky at a recent Court of Honor feting his earning of the Eagle Scout rank, the highest rank in Scouting. Mitch is the son of Mr. and Mrs. George Chernock. He is the junior assistant scoutmaster of Troop 343 and works with his Scoutmaster, Fred W. Heron.

Favors Field Trips

DURING the district-wide teachers' strike, one point brought out in a list of demands was the need for money to provide field trips for clubs and classes.

Being a comparatively poor district, there sometimes isn't enough money to go around, even just to cover the cost of buses. Field trip funds often expire by the end of the first quarter of the year.

(Starting this month, even the 4:00 and 5:30 daily activity buses will be discontinued.)

ALTHOUGH MANY view field trips as a "reward" for a hard working class, or a break in the boredom of less interesting classes, most teachers will disagree. A field trip is an expansion of lessons learned in the classroom. They instill a live interest in a subject for many students, because the subject for discussion in a textbook becomes more than a picture, description, or list of facts.

For example, last year's biology classes went on a two-day field trip to a tide pool near Pacifica. Each morning, they left at 5 o'clock to catch the lowest daily tide.

Although still half asleep, and perhaps somewhat bewildered, the students discovered a world that had previously been as unreal as a fairy tale. Even the most imaginative descriptions were nothing compared to the mystery and beauty of this unique world they'd found.

PERHAPS ANOTHER example was a recent trip by English classes to see the A.C.T. production of Hamlet. Although the students had knocked themselves out in an effort to read it, the story was generally unreal until they gave audience to it. Essays and quizes which followed the trip were more meaningful, and better understood.

Even trips to such places as the Health Fair, film festival, I.B.M. center, etc., can hold much more meaning and interest than meets the eye. World famous San Francisco, being so near to us, can show us a lot we ever knew existed, which many people could never have the chance to see.

WE DON'T GO to little red school houses anymore; nor do we sit on hard benches and recite meaningless lessons. It is recognized, now, that a student learn when he understands, and understanding begins with interest. There's a lot in this work to see that can teach a lot more than black-and-white and reproductions in a text book. School is the best place to start learning about them.

La Leche League To Hear Talk

La Leche League will discuss "The Art of Breastfeeding and Overcoming Difficulties", December 12, at 8 p.m. at 590 Ridgeway Drive, Pacifica.

After the regular meeting, Mrs. Walter Fell, president of the Milk Bank in San Francisco, will discuss functions of the group.

Nursing and expectant mothers who wish to breastfeed are welcome to attend.

D.C. Rotary Hears Talks By Visitors

Herb Sharpe, club director for Rotary Foundation, presented the program at a recent Wednesday luncheon of Rotary Club of Daly City.

Guest speakers were Renan G. Dominguez and Keith Wardin.

Renan, a Rotarian from South San Francisco, was a Rotary Fellow in 1947-48.

Keith recently returned from a years study at Newchatel University in Switzerland, where he further studied political science.

Renan reiterated the object of Rotary Foundation — that it is to promote international understanding.

He also told of some of the requirements to obtain a Rotary Fellowship and how the candidates are picked.

Uusually the top three students from the home club area are considered. They must also have a language background for the country in which they wish to visit.

It was noted that 2,413 of these scholarships have been awarded by Rotary Foundation since inception.

Keith, who is now attending San Francisco State for his master's degree, holds Rotary Foundation in high esteem, since he feels it allows free communication with students from all over the world and it allows a free exchange of ideas.

The local Rotary Club, of which Herbert Tweedie is president, contributes substantially to Rotary Foundation in its international service projects.

Science major, and graduate of the University of Colorado.

NELL NORTON

(Sugar 'n Spice)

For Sweet-Tooth Set

GOOD MORNING, good cooks.

"Sugar 'n' Spice" suits this column's contents perfectly today for we are going to talk about making candy for Christmas.

I find a candy thermometer invaluable in cooking candy. In case you don't have one of these handy gadgets I'll list the different stages of candy cooking.

When sugar and liquid are boiled together, a syrup is formed which grows thicker as the boiling continues. The thickness of the syrup determines the general type of candy that will resuit.

AS YOUR CANDY BOILS you may test it this way. Drop a little syrup into ice-cold water and pinch it between the thumb and finger:

SOFT BALL STAGE — (for fondant or fudge) the syrup forms a soft ball which loses its shape immediately when removed from the water.

FIRM BALL STAGE — (for caramels and nougat) the syrup forms a stiff ball which retains its shape for a second or two when removed from the water and then flattens out.

HARD CRACK STAGE — (for clear brittle candies) the syrup when dropped in water separates into threads which are hard and brittle.

I'LL START OFF with almost everyone's favorite — chocolate fudge.

CHOCOLATE FUDGE

1 1-3 cups light brown sugar
1 cup granulated sugar
pinch of salt
1 tbsp. butter
2 squares bitter chocolate, grated
½ cup evaporated milk
¼ cup water
1 teaspoon vanilla

Combine the one and one-third cups brown sugar, one cup white sugar, salt, one tablespoon butter, the two squares chocolate, grated and the one-half cup evaporated milk which has been combined with the one-fourth cup water, in a saucepan. Place over low heat, stirring constantly until sugar dissolves. Cook gently stirring constantly until mixture begins to boil. When boiling starts, cover and cook rapidly 3 minutes. Uncover and continue boiling to soft ball stage (283 degrees on candy thermometer). Remove from heat and allow to cool without stirring.

When candy is cool add the teaspoon vanilla and beat with spoon until candy loses its gloss and is creamy.

Pour into buttered pan, cool and cut into squares. Makes about 1¼ pounds fudge.

THESE PEANUT CLUSTERS are very simple to make and are most delicious.

PEANUT CLUSTERS

½ cup sugar
½ cup evaporated milk
1 tablespoon corn syrup
1 pkg. chocolate semi-sweet dainties, 6 oz.
1 cup salted peanuts

In a heavy 2-quart pan combine the one-half cup sugar, one-half cup evaporated milk and one tablespoon corn syrup. Stir over medium heat until mixture boils and is bubbly all over top. Boil and stir over medium heat 2 minutes more. Take off heat.

Stir in the 6-ounce package chocolate bits until completely melted. Stir in the one cup salted peanuts.

Drop with two teaspoons onto wax paper. Chill until firm. Makes 24.

WHILE WE ARE THINKING about peanuts I'd like to add this recipe for peanut brittle. I found it in a small newspaper in Iowa years ago and it makes about three pounds of delicious brittle.

PEANUT BRITTLE

3 cups white sugar
1 cup white corn syrup
1 cup water
1 pound shelled or salted peanuts
¼ teaspoon salt (omit if salted nuts are used)
1 teaspoon vanilla
1 tablespoon butter
1 tablespoon soda

In a heavy saucepan combine the three cups sugar, one cup syrup, and one cup water. Cook over moderate heat, stirring until sugar dissolves. Continue cooking without stirring, until it forms a hard ball when small amount is dropped in cold water.

Add the one pound of peanuts and continue cooking, stirring constantly, until slightly carmelized (at about 300 degrees).

Remove from stove and add one-fourth teaspoon salt (if unsalted nuts are used), one teaspoon vanilla, one tablespoon butter and the one tablespoon soda. Stir until frothy.

Pour onto buttered tins and spread out quickly. Break when brittle.

A DALY CITY READER has asked for a recipe for candy apples, though I'm not a candy apple fan I did find this recipe for her in a booklet put out by Corn Products Refining Company.

CANDY APPLES

8 medium red apples
8 wooden skewers
3 cups sugar
½ cup syrup Red Label
½ cup water
1 drop oil of cinnamon
1 teaspoon red vegetable coloring

Wash and dry apples; remove stems. Insert skewers in stem end of apples. Combine the three cups sugar, one-half cup syrup and one-half cup water in deep, heavy saucepan. Cook over medium heat, stirring contantly until mixture boils. Then cook without stirring to soft crack stage (285 degrees) or until a small amount separates into threads when tested in very cold water.

Remove from heat; add the one drop of oil of cinnamon and one teaspoon red coloring and stir only enough to mix. Hold each apple by skewer end and quickly swirl in syrup, tilting pan to cover apple with syrup. Remove from syrup; allow excess to drop off, then twirl to spread syrup smoothly over apple. Place on lightly buttered sheet to cool. Store in cool place. Makes sufficient syrup for eight apples.

Holiday Season Arrives

SUDDENLY IT IS the holiday season!

Shopping doesn't seem to be as much fun as usual. In fact, it can assume the proportions of an out and out chore.

The house has to be kept spotless, guests are always dropping in this time of year and the cooking of meals takes second place to the baking of cookies, fruit cakes and pies. The stirring of candy is more common the ladling of soup and decorating hor d'oeuvres is more tedious and time consuming than decorating the house.

'Tis, indeed, the season to be jolly—if the housewife looses her sense of humor in December things can be disasterous!

THE LADIES of the Westlake Catholic Women are eager to help ease your cares this month, witness the news from **Mrs. Edward Avanzino.**

December 15, the group will sponsor a Christmas Cookies and Candies Sale in the Parish Hall, 7 Elmwood Drive, Westlake, following each Mass.

Mrs. Robert Rickert is the sale chairman and co-chairman is **Mrs. Anthony Phillips.** The two, with the help of an efficient staff of helpers, will be selling a variety of candies and cookies as well as fruit cakes and assorted home decorations. Especially nice are the wreaths, candles and boughs of green that will be offered to shoppers.

The sale is open to the public and persons planning to attend are urged to arrive early to have the best selection of items.

SPECIAL HELP to shoppers is being offered by the North County Mental Health Center in Daly City.

"Gallery-Art for Everyone," a private preview and auction which will feature the work of the Artists Guild of San Francisco, will be held Friday evening beginning at 7 p.m. in the health center.

Carter B. Smith of KSFO radio will be on hand to conduct the sale.

Few people have ever received an original oil or water color for a Christmas gift so this is your chance to purchase a very different type of present for one of those hard to buy for people on your gift list.

THE MEMBERS of the Holy Angels Women's Guild will take time for a relaxing fun evening when they meet tonight in the parish hall.

According to **Mrs. William Holland** the program will begin at 7:30 p.m. with a potluck dinner.

Following the repast, which will feature the prize recipies of many of the parish's finest cooks, the group will be entertained by the members of the Daly City Community Chorus performing under the direction of **Dennis Desjardins.**

This meeting will conclude the guild's 1968 agenda.

MONTE CARLO NIGHT will be the theme of the Winter Carnival being sponsored by the members of the Holy Angel's parish on December 7.

Joseph Gumina will be the chairman of the social event which will be staged in the parish hall between 7:30 p.m. and midnight.

The Christmas Party for the adults of the parish will feature games, prizes and refreshments and everyone in invited to attend. No advance reservations are necessary.

HARDLY HAD THE WORD gone out about the Fifty-Plus Club's gigantic New Year's party than **Mrs. Edna Laurel Calhan,** president of the Pacifica senior group, began urging persons to reserve the weekend of February 14 for a Arabian Nights Festival and National Horse Show.

Club members and their friends will be leaving Pacifica on February 14 to see the National Date Festival in Indio, complete with parades, Arabian costumes and an Arabian horse show. Prior to returning to the Bay Area on February 18, tour members will have dined in the Miramar Beach Hotel, Santa Barbara, and visited Vandenburg Missile Base.

Mrs. Elizabeth Funderburg will accept the calls for reservations to the New Year's outing or for the Indio trip.

OLD FRIENDS back in town this past week included Hal Stites, currently in the Air Force and on leave from his base on Taiwan. He will spend a month in Texas receiving advanced training prior to returning to Taiwan.

MRS. AND MRS. LAWRENCE ROGERS, formerly of Westlake and now residents of Concord, spent last Wednesday visiting local friends and talking about nursery schools with **Mrs. John Madrosen** of Westlake, who has been intimately involved with the local Head Start program.

THE REGULAR MEETING of the Our Lady of Perpetual Help Mother' Club will be held December 12, at 8 p.m., in the school hall.

Members attending the Christmas gathering will exchange inexpensive gifts and place gifts for needy children in a donation center for holiday distribution.

Mrs. George Valente and **Mrs. Oscar Arnold** are chairmen. The mothers of the fourth grade children will be hostesses, according to **Mrs. Fernando Pacheco.**

CALLING ALL HOMEMAKERS

By DONALD C. WAITE

PLAN YOUR BACKGROUNDS

You've heard a lot about room-planning — but background-planning — which is also important — often takes a back seat. The walls, floor and ceiling all act as the background for your furnishings. They cover a huge area and should be given an equally large amount of planning.

Plain-colored walls are generally best when you have a bold, dominating print or pattern in your upholstering, drapes and floor covering.

Should you put pattern on a ceiling? Yes, if you want to lower a too-high ceiling, call attention to an unusual shape, or if you want to liven up an otherwise dull room. This is particularly effective if the ceiling is sloped or arched or if there is a dormer window in the room.

If you use the same color for your floor covering as you do your walls and ceiling, be sure that the floor coloring is deeper than the other surfaces. This will give an appearance of weight at the floor level.

One way to make a small room look much larger is to match the color of the woodwork in the doors, fireplace wall, wood paneling, etc.

There's nothing like a new background color to give your tired-looking room a new lease on life. And there's nothing like a visit to our showroom for suggestions to help you in your decorating problems.

A 'Hopeful Future' For Capuchino Unit

Thanksgiving 'Feast' For The 'Tangs

THE POST'S SPORTS

Capuchino High School, which has a brilliant football past but a dismal present, got a glimpse into a hopeful future Thursday.

The youthful Mustangs of Gordy Young parlayed an alert defense into a rousing 23-7 victory over archrival Mills at the Burlingame District Field.

A Thanksgiving Day crowd of about 3,500 fans, who up until last year had come out to view the annual Little-Big Game on that date, watched Young's team conclude its year with the worse mark in the school's history and their lowest league finish ever.

The victory gave Cap a 3-5 over-all record and a 2-5 Mid-Peninsula League finish. Even with the win Thursday, 1968 marked the first time since the school opened that it has suffered through a losing season in varsity football.

But a win is a win. And the 'Tangs asserted themselves early to take advantage of a Mills team which was playing without either of its top two quarterbacks who had been thrown off the team last week for disciplinary reasons.

Capuchino's defense was responsible for all of the team's scores except one.

Scoring in all four quarters, the sophomore - studded Mustangs tallied on two safeties, a pass interception, an easy touchdown after a fumble recovery and on one long march in the third period.

The safeties occurred in the second and fourth periods like this: the first one was forced by end Jim Geyer when he blocked a punt out of the end zone; the other happened when three onrushing Cap linemen, John Arroyo, Bob Scialanga and Mike Mohr tackled quarterback Chris Allemand in the end zone.

Cap's touchdowns came on a one-yard burst by quarterback Alex Cozzolini, on a 15-yard run with a recovered rumble by Geyer (his quarterback Dennis Haag had fumbled and Geyer picked it up and ran all the way) and on a 49-yard interception return by little Gary Amadio.

The Vikes' lone score came in the fourth quarter on a one-yard run by Joe Mooney.

Mills had no end of trouble with their offense without the services of their regular signal-callers.

Both Allemand and Tom Karlo tried as best they could to get their club moving but their timing was off and they simply couldn't sustain any kind of running attack.

Gellert Brothers Contribute $1200

For the past four years, two brothers have shown their interest in the development of recreational facilities in Daly City in the best way they know how — with a substantial monetary donation.

Carl and Fred Gellert have attached only one stipulation to the thousands of dollars they annually donate to the city; that it be used for development of parks and recreational programs.

Last week, the brothers again presented checks to Mayor Bernard (Bud) Lycett totaling $12,000.

Since 1965 the Gellerts have either individually or through a foundation established in their name, donated $42,000 to Daly City's park and recreation fund.

And although the huge Serramonte subdivision is partly owned by the Gellerts "they have never told us we must spend the money in that section," Mayor Lycett explained.

Most of the money was used to establish a modern arts and crafts center in the Rosseveldt-Peoria area. An abandoned volunteer firehouse was refurbished using the funds and a full recreational programs for young and old alike was started.

In a recent letter to Daly City. Peter J. Brusati, secretary of the Carl Gellert Foundation, said the foundation's board of directors had once again selected Daly City as the recipient of a $7,000 donation for 1968.

"With the donation also goes our sincere commendation on the activities and projects carried out by the city of Daly City," Brusati wrote.

Accompanying this letter was another from the Fred Gellert Foundation with a check made out to the city for an additional $5,000. This year's donation was $2,000 more than the previous year, Lycett noted.

Buri Buri Wins S.S.F. Flag Title

Buri Buri Park's Fifth and Sixth Grade Team overwhelmed Sunshine Gardens, 51-0, last week, and captured the South San Francisco Recreation Department's Robert F. Kennedy Flag Football League championship.

Dennis Campbell started the scoring spree with a 41-yard punt return and a 20-yard pass interception.

Mark Cavanaugh threw touchdown passes to John Furr, Mike Amodeo and Gary Ottonello. Rob Zink, Andy Olson and Steve MacDonald each scored touchdowns, aided by the strong blocking of Doug Viera, Steve Nunes and Paul Vlohos.

In other league action, Brentwood Park defeated Winston Manor, 15-6, to finish the season with a 2-4-1 record. Butch Curtler and David Grimes scored the Brentwood touchdowns, and Guy Estabarez tallied the lone Winston score.

Frank Verducci rontributed to the Brentwood effort with five successful pass receptions.

Foxridge ran wild in their final game of the season, overpowering Serra Vista 53-0. The Foxridge touchdown were scored by Bic Durhan, Bill Minshall and Bob Rhodes.

Avalon squeaked by Hillside Recreation Center, 8-7, to finsih in second play in the league standings.

Brad Corsiglia intercepted a pass to score the Avalon TD, and Paul Bachtold cauhgt Hillside in their end zone for a safety. Dave Gordinango scored the Hillside touchdown in the first quarter, with Kevin Casey providing the point after.

Palace Boat, Sport Show Dates Told

All that's new in boating and outdoor recreation equipment for 1969 will be unveiled at the 27th annual National Sports and Boat Show, January 10 through 19, at the Cow Palace in Daly City.

Hundreds of new boat models — from sailboats and dinghies to long-range cruisers and houseboats — will be brought to the Cow Palace for this, the premier boat show in the nation.

An English boat, the new 40-foot "Ocean Pirate," will be introduced at the ten-day show, the first English craft ever to be debuted at the colorful exposition. The "Ocean Pirate" is a luxury motor cruiser manufactured by Brooks Marine Ship Builders of Lowestoft, England.

LE PACINI

TWO RECENT WIRE PRESS STORIES appearing within a few days of each other created an interesting juxtaposition which may eventually form one of this century's biggest unheavals in American athletics.

One report out of New York told of plans by a body called the National Track and Field Association to establish a 10-week, 30-meet season in 10 cities next June featuring 300 PROFESSIONAL track men, including some Olympic medal winners. Organizers of the events said that the athletes would be competing for $4 million in prize money.

Athletes, said a spokesman, would be "drafted, recruited and signed to one-year, $10,000 contracts with the opportunity of winning as much as $90,000 in prize money."

The other item, alluding to the possibilities of the well-publicized Olympic Games "payola" scandal coming to light, quoted American hammer thrower **Harold Connolly** as saying that the proposed investigation, "would never come about.

"The investigation," said Connolly, "would destroy the whole Olympic Games cause because it would be revealed that it's so widespread that they would have to disqualify hundreds of athletes.

"The athletes from some countries," added Connolly, "are definitely and totally professionals and the violation of amateur codes goes much deeper than the shoe scandal. Athletes from some countries are completely subsidized and paid and taken care of while they just prepare to be Olympic competitors."

☆ ☆ ☆

CONNOLLY MIGHT HAVE ADDED, that the only difference between the foreign professionals labeled amateurs and the American professionals labeled amateurs is probably, ironically, that the American capitalists don't make as much money under the table as the foreigners do over it.

Any track fan who doesn't believe that the big stars get paid is naive. We don't know all of the subtleties of the pay-off game, but here's the most common:

Say, for example, an eastern track man wants to come to sunny California for a series of three meets which will draw well (which means promoters will be more generous). These meets are often held within three or four days of each other. Our track man contacts all three promoters (if they haven't already contacted him) and asks each for a set of round trip airlines tickets and the allowable $15 per day expense money. All three promoters send him the tickets and the cash. He needs only one ticket, since he'll be making only one trip—and alone—to the coast. He cashes in the other five tickets. So let's say he stays on the coast, all told, for 14 days. With his triple expense money and the cashed-in tickets, he's made well over $800.

☆ ☆ ☆

ACTUALLY, that's chicken-feed for the average top flight American professional. With the "legalization" of professional track, we'd be making honest and conscience-free men of our track stars. They'd also be able to get salaries commensurate with their abilities.

We've never been able to understand why professional Athletics in this country has never been a dirty phrase except in the area of track and field. A track man works just as hard at his sport as any professional athlete, and he should be allowed to reap the same benefits.

Perhaps what's held back professional track (aside from Avery Brundage) more than anything is that at present it's a "seasonal" sport.

But football's been able to transcend that problem. And with more and more large indoor stadiums (like the Astrodome) being erected, plus the fabulous air travel accomodations (which could bring foreign stars into meets virtually over-night), professional track might indeed be a reality in the near future.

☆ ☆ ☆

WE WERE VILIFIED by some basketball "experts" last year when we suggested — in answer to the problem of Big Man-domination of basketball — that no problems would be solved by raising the basket, as some had advocated, and that in fact it would be quite possible that such a manuever migh handicap the little man even more.

"Lower the basket instead," we said, "and you'll then be truly helping the little man. The big man's gonna dunk whether a basket is six feet or 20 feet off the ground."

It was a rather facetious statement, we admit, but not worth some of the smark-aleck guffaws for which it receipted.

So to get to the point, last week **Wilt Chamberlain** - the prototype Big Man — said, "I'm all for raising the baskets . . . For a big man, higher baskets would be less of a disadvantage (than for the small man.)"

And, added Laker General Manager **Fred Schaus**, "I strongly agree."

Thank you, Wilt: Thank you, Fred, for justifying our existence.

☆ ☆ ☆

SEVERAL WEEKS AGO we lambasted baseball for its garbled new divisional set-up, but to be fair, we don't feel that pro football's new divisional arrangement represents any less shoddy thinking.

To be brief, it's a mess.

It provides little consistency or criterion for true comparison. Not only are the divisions not balanced correctly, but neither are the inter-division schedules.

The most obvious weakness was represented in last Sunday's 49er-Green Bay game. Both teams went into the contest with 5-5-1 records, yet the 49ers were completely out of their divisional race, while Green Bay was shooting for their division's lead.

The snake-bit 49ers also best typify the other problem of scheduling out of the division.

They've had to play New York and Cleveland out of their division thus far this year, and we don't need to tell you that Cleveland is leading the Century Division and the Giants are second in the Capital Division.

And although Detroit has since dropped out, they were leading the Central Division, if memory serves, when the 49ers played them earlier in the season. And, of course, the 49ers are already in the toughest division in the league.

What's the answer? We don't know, but we do know that it's conceivable that a team not much better than .500 could win the pro title this year.

And it could tappen in baseball's World Series next year, too. Get a .500 team with two or three outstanding pitchers in a couple of short series (the five game divisional playoffs and then the seven game World Series) and it might not need any more to be world champions even though it couldn't do much better than break even in the long hot season, when the men are separated from the boys and the women, to quote Bugs Baer, are glad of it.

MISCELLANY: South San Francisco's Greg Jones finished his junior year at UCLA as the team's leading rusher and ranking eighth in the nation in kickoff returns. He took 'em back an average of better than 25 yards a try . . . If you like trivia, there are 13 guys named Brown in pro football. . . .

Madmen Winners In Gobbler Bowl

It was a brisk winter evening and the turf was sloppy muddy from the rains which had dropped for two days before.

This was the condition under which two teams representing San Bruno and Daly City played at the San Bruno City Park.

The scene matched the Abraham Lincoln recreation playground Madmen from Daly City and the Monte Verde Playground Tigers or San Bruno, in the Second Annual Gobbler Bowl classic.

The Madmen won the contest, 6-0 reportedly in one of the most thrilling games ever withessed under the lights at city park.

The Madmen scored in the early minutes of the game and from then on defense was the name of the game. Both teams thrilled the fans with sustained drives and break away runs, but when it got right down to the goal line, neither team could out maneuver their opponents.

Members of Daly City team: Willie Hampton, Tim Casulos, Tim Brottie, Cory Price, Mark Washford, Rich Murray, Jon Mattus, Dan De Alba, Steve Orloff, Marty Marino, Dan Rath, Mark Nicholas, Adolfo Sandoval, Larry Hiner, Frank Al Sue, Scott Artigo, Coaches Paul Phalen, Bob Venducci.

Members of San Bruno team: George Skoufos, Craig Srabian, Leo Burgos, Andy Tokarski, Mike Chibidakis, Denny Williams, Michael Flood, Billy Garland, Mark Martin, Glen Young, Jim Chibadakis, Matt Vukicevich, Mike Voigtlander, James Kim, Ralph BKernstein, Bill Hale, Bill Coutts, Danny Knotek, Danny Williams.

Slow Pitch Championship Playoff Set

The 1968 Pacifica Winter Slow Pitch League will come to a close December 9, with the city-wide championship game featuring the winner of last night's American League and Thursday's National League playoffs.

The championship game will start at 8 p.m. at White Field.

Tomorrow's National League playoff will feature action between the Tigers and Rex's Texaco teams, with game time at 7 p.m. at White Field.

Tuesday's playoff matched the Sorethunbs and the High Iron.

The Pacifica Park, Beach and Recreation Department sponsors the activity.

Bocce Ball Court Eyed In Daly City

Daly City may soon get a bocce ball court at Marchbanks Park. The matter was the subject of discussion at last week's council study session.

The city's engineering staff in collaboration with Director of Recreation Chuck Vincent investigated several likely spots around the city for the courts and finally decided upon the middle level of the park — a multi-leveled site.

During the study, several of the city's "old-timers" were contacted for their views on the matter, according to city Engineer Art Reschke.

Two Bocce ball courts were budgeted for this year, the council was informed.

Interment was in Holy Cross Cemetery, Colma.

Garden Club Will Aid Needy Family

The November meeting of the San Bruno Garden Club was a "white elephant" sale and various "boutique" items for the holidays.

The nominating committee was elected. Members who will serve are: Mrs. Albert Marty, Mrs. William Klingenguss, Mrs. Gerben Dekker, Mrs. "Hap" Jones and Mrs. Lydia Ferrel. Their selection will be announced at the December holiday meeting.

Members decided to bring canned goods and buy a turkey to fill a basket for a needy family. This distribution will be handled by Mrs. Clarence Bolen.

Winners in the miniature shtw were: Decorative Plant, Mrs. Elizabeth Donahoe, with a miniature pine tree decorated with tiny ornaments and bells. A berried shrub received first place from Mrs. Albert Marty for a huge branch of pyracanthus. The Thanksgiving arrangement was won by Mrs. Marty, using fruit and dried material to make a buffet arrangement.

Winners in the monthly scholarship "special event" were: Mrs. Charles Kunz, Mrs. A. Norman Huff and Mrs. William Knill.

Mail Appeal For Salvation Army Here

The Millbrae Salvation Army has launched its annual Christmas appeal for help to the needy, according to Mrs. Doris Christiansen, chairman of the Service Unit Committee.

Mrs. Christiansen said the unit includes volunteer civic leaders who are providing services locally in keeping with Salvation Army Policies. The campaign is directed to all residents of the Millbrae area.
cies.

Last Christmas 242 Service Units throughout Northern California and Nevada, with the support of contributors, provided holiday help to thousands of men, women and children of all ages, races and creeds.

A mail appeal has gone out here, according to Chairman Mrs. Christiansen. Let us retain the traditional meaning of Christmas season, she asks, by helping others. Let us try and accomplish more each year in this meaningful way.

Those who have not received an appeal may respond by mailing a contribution direct to The Salvation Army Divisional Headquarters, 60 Haight Street, San Francisco and marking it "Christmas Appeal." Contributions made from Millbrae will be used for services in that community and contributors are requested to include their names and complete addresses for this purpose and for receipting.

Mrs. Christiansen states also, that two of the traditional Salvation Army Christmas kettles will be in the downtown area of December 24.

Among those who were invited to attend are, from Redwood City, Jack Flynn, Harold Moore, Mrs. W. A. Evans, Mrs. W. H. Glasgow, Norman Meadows and Mrs. Harold Wolff; from Menlo Park, Frederick Weeks, Emil Wenig, Mrs. Ruth O'Neil, Mrs. Mildred Mayman, Miss Gretchen Wolbert, Mrs. J. H. Matucha and Dr. Clifford Smith; from Portola Valley, Mrs. Julian Roth, Mrs. R. T. Bently, Mrs. Richard Lee; from Woodside, Frank Hannig, and from Atherton, Mrs. Henry Gay.

Anyone who would like to become a volunteer driver of the Red Cross station wagons is invited to contact the agency.

Family Gets New Home

The Mike Ethridge family, whose apartment was gutted by fire last week in Redwood City, were found new quarters less than 24 hours after the blaze, the San Mateo County Housing Authority reports.

Mrs. Laura Townsend, in charge of rental assistance for the authority, said that the Ethridges are now residing in a two-bedroom home at 1169 O'Connor Street, East Palo Alto.

Ehtridge's wife, Stella, 19, climbed to the roof of a building next to the apartment building to rescue her two-year-old daughter, Tina, from the second floor bedroom of the blazing apartment last Tuesday.

Mrs. Townsend reported that she went to work soon after learning of the blaze, in which almost all of the family's personal possessions were destroyed, and had them moved into new quarters by Wednesday evening.

International Cuisine Is a Favorite During the Holiday Season

Our hearts and homes are opened during the holiday season. The children are home from school, relatives come to visit, friends drop in to chat and our homes are most festive with holiday decorations annd wonderful aromas wafting from the kitchen.

International cuisine has become a favorite with us. For your holiday entertaining, why not serve this colorful menu composed of foods from many lands.

The appetizer is a chilled make-ahead soup from Spain, Gazpacho Espanole. A medley of fresh chopped vegetables and canned small early peas nestle in a spicy tomato-gelatine mixture.

For the entree, prepare Polynesian Pork Roast with a tangy plum sauce. Serve the roast nestled in a bed of Fruited Rice that includes tender sliced mushrooms, succulent pineapple, zesty green pepper and colorful pimiento.

The Salade Jardiniere is borrowed from the French and is a rainbow array of fresh and canned vegetables. The tender canned cut spears asparagus are marinated in a tangy dressing and topped with bleu cheese. Pickled beets, cherry tomatoes, fluted cucumber slices and ripe olives circled with thin carrot tlices are a colorful contrast for the green asparagus spears.

Italian bread sticks and a Viennese torte complete your menu.

Tuna Supper Loaf for A Teen Crowd

Next time you plan a feast for tre teen-age crowd or your Sunday nibt bridge group, treat them to an informal buffet supper.

As the main feature, serve Tuna Supper Loaf, a dish your guests and family are sure to approve. Beneath it's flaky, golden pastry is a hearty flavor combo of tuna and cheddar cheese. Then — for that just right pizzazz — it's topped with a tomato soup-sour cream sauce at serving time.

In planning your buffet menu, include foods that are easy on the hostess. For example, the tuna loaf has a time-saving head start — its pastry wrapper is made from refrigerated crescent dinner rolls. Here, the dough is shaped into a large rectangle, topped with the tuna mixture, then braided to form an attractive lattice top.

To complete the menu, offer assorted relishes (made earlier in the day and stored in ice water), a molded fruit salad, and chocolate cake or ice cream sundaes.

TUNA SUPPER LOAF

2 cans (6½ oz. each- tuna drained and flaked
1 cup cubed Cheddar cheese
¼ cup mayonnaise or salad dressing
2 tablespoons chopped celery
1 tablespoon chopped onion
1 tablespoon lemon juice
½ teaspoon salt
2 cans (8 oz. each) refrigerated crescent dinner rolls
1 egg, slightly beaten

Sauce

1 can (10¾ oz.) condensed tomato soup
½ cup green pepper, cut in 2-inch strips
½ cup chopped celery
¼ cup sliced pitted ripe olives, if desired
½ cup dairy sour cream

Oven 375 Degrees.

In large bowl, combine tuna, cheese, mayonnaise, celery, onion, lemon juice and salt. Mix well. Separate crescent dough into 8 rectangles. Place rectangles of dough together on ungreased cookie sheet, overlapping edges slightly to form about a 15x13-inch rectangle. Press edges and perforations to seal. Spread tuna mixture down center half of dough to within 1 inch of each 13-inch end. Make cuts 2 inches apart on each side of rectangle just to edge of filling. Fold 13-inch ends of dough rectangle over filling 1 inch. Fold strips of dough over tuna mixture, alternating from side to side and slanting strips downward to give a braided appearance. Brush with beaten egg. Bake at 375 degrees for 20 to 30 minutes until deep golden brown. Serve with hot sauce.

Sauce: In saucepan. combine soup, green pepper, celery and if desired, olives. Bring mixture to a boil, stirring frequently. Stir in sour cream; return to boiling.

It's Always Salad Season–So Mix Yourself Some Now

It's always salad season. Picture pink grapefruit and the deep color of a fully ripe orange sparked with a few ripe strawberries that now seem to be available almost the year around. Or take away the strawberries and add rings of mellow sweet onion. Ole! Mix the citrus with apples and banana and dress it with a real mayonnaise dressing, or make a classic Waldorf salad.

POTATO SALAD

2¾ pounds potatoes (about 8 medium)
¾ cup real mayonnaise
½ cup vinegar
¼ cup water
1 teaspoon sugar
1 teaspoon salt
1-3 cup chopped onion
¼ teaspoon tarragon
3 hard cooked eggs
1 cup chopped celery
¼ cup chopped parsley
1 tomato, sliced
Crisp Iceberg lettuce

Cook potatoes in boiling water until tender. Meanwhile, mix mayonnaise, vinegar, water, sugar and salt, then add onion and tarragon. Pare and slice cooked potatoes. Toss with mayonnaise mixture while still warm. Chill.

Chop egg whites and 2 egg yolks, reserving remaining yolk for garnish. Mix marinated potatoes, chopped eggs, celery and parsley. Chill. Chop reserved egg yolk. Serve salad garnished with tomato slices and egg yolk. Makes 9 servings.

VEGETABLE MACARONI SALAD

1 (8-ounce) package elbow macaroni
1 to 1½ cups real mayonnaise
½ cup cauliflowerets
1-3 cup chopped celery
¾ cup shredded carrots
¼ cup chopped green pepper
1 (4-ounce) can mushrooms, drained
1 to 2 tablespoons chopped onion
1½ teaspoon salt
¼ teaspoon pepper

Cook macaroni in boiling salted water according to directions on package. Drain; rinse with cold water and drain again. Stir in real mayonnaise. Chill. Add cauliflowerets, celery, carrots, green pepper, mushrooms, onion, salt and pepper. Chill before serving. Makes 6 servings.

WALDORF SALAD

3 red apples
1 tablespoon lemon juice
1 tablespoon sugar
⅛ teaspoon salt
1 cup diced celery
1-3 cup chopped pecans or walnuts
Crisp Iceberg lettuce

Core and dice apples. Toss with lemon juice, sugar, salt and 2 tablespoons real mayonnaise. Chill. Add remaining real mayonnaise, celery and chopped nuts just before serving. Toss until well mixed. Serve on lettuce. Makes 4 to 5 servings.

2-3 cup real mayonnaise
1 teaspoon salt
Freshly ground pepper
3 quarts finely shredded cabbage (about 3-pound head)
1 cup drained crushed pineapple
1 cup drained mandarin orange sections
½ cup raisins or nuts
½ cup small marshmallows

Combine mayonnaise, vinegar, sugar, salt and pepper. Chill. Just before serving, toss shredded cabbage with fruit and marshmallow. Add mayonnaise mixture and toss until evenly coated. Makes 2 quarts, 12 servings.

Cheese Waldorf Salad: Follow recipe for Waldorf Salad, adding 1½ rups coarsely shredded Cheddar cheese.

Fruited Waldorf Salad: Follow recipe for Waldorf Salad, adding 2 cups drained pineapple tidbits.

FRUIT COLESLAW

¾ cup real mayonnaise
¼ cup vinegar
2 teaspoons sugar
1 teaspoons sugar

CITRUS SALAD

Iceberg lettuce
Fresh grapefruit sections, drained
Fresh strawberries
Creamy Salad Dressing.

Wash, core, drain and chill lettuce. Cut into rafts or separate into lettuce cups. Arrange citrus fruit on lettuce. Garnish plate with fresh strawberries. Serve with Creamy Salad Dressing.

Creamy Salad Dressing: Mix ½ cup real mayonnaise and ¼ cup light corn syrup, blending until smooth. Fold in ½ cup dairy sour cream. Makes about 1¼ cups.

FRUIT SALAD BOWL

2 red apples
3 fresh pears or 6 canned pear halves
2 bananas
Lemon juice
½ pound grapes
Strawberries
Iceberg lettuce
Celery Seed Dressing
¼ cup chopped walnuts or pecans

Core apples; slice into rings. Pare, halve and core fresh pears. Drain canned pears, if used. Peel and halve bananas, then cut into lengthwise quarters. Dip apple slices, pear halves and pieces of banana in lemon juice to prevent discoloration. Separate grapes in small bunches. Line flat salad bowl or tray with lettuce. Arrange apples, pears, bananas, grapes in small groups in tray or bowl. Garnish with strawberries. Pour dressing into serving dish; sprinkle with nuts. Serve dressing with salad. Makes 6 servings.

Celery Seed Dressing: Mix ½ cup real mayonnaise and ¼ cup light corn syrup, blending until smooth. Fold in ½ cup heavy cream, whipped. Mix in 1 tablespoon lemon juice and 1 teaspoon celery seed. Makes about 1¼ cups.

Leap Year Running Out On The Cook

Leap to it gals and tell the men to look out, 'cause Leap Year is fast coming to a close. To help you catch your man, what could be more appealing than serving a delightful dinner with all of his favorite foods.

It can be a very quiet candlelight dinner or an extra fancy occasion, but always remember to serve a main dish that is a favorite with your he-man for good eating and with you because it's so easy to prepare and serve.

Whole ham pie as prepared by home economists at Meadow Gold Dairies will be just the answer for this special occasion. It's a sumptuous ham wrapped in a blanket of flaky pie crust. This unusual whole ham pie is deceptively easy to prepare, too.

All you do is flavor and bake a large canned or whole ham, his favorite way. Then, about 10 minutes before the end of baking time, remove the ham from the oven. Let it cool while you prepare a double recipe of your own pie crust, made especially for him with butter.

Meadow Gold suggests you roll the pastry very thin, and cover the ham with the pastry. Cut appropriate designs, such as a tulip, from the left-over dough and place on top of the crust. Return the ham to a hot oven and bake until the crust is flaky and tinged with brown — about 15 or 20 minutes.

For an added touch of flavor, serve a hearty garnish for this ham in the form of a gingered cherry sauce. It can be made quickly and easily by draining a one-pound can of crushed pineapple, reserving juice. Add one tablespoon of cornstarch to the juice, and cook slowly until the sauce thickens. Stir in one-fourth teaspoon ground ginger. Add the crushed pineapple and one-half cup chopped red maraschino cherries. Stir until well mixed and heated through. Serve in a colorful compote with the ham.

To complete the meal, fix a help-yourself relish tray, a crispy tossed salad, heated French bread, and make a big pot of coffee.

Flowers for Schoolyards

Mrs. Joseph B. Schrempp, leader of the Pacifica Girl Scout Troup 735 is directing Nancy Ashlock, Nancy Schrempp and Debbie Taylor in the best way to plant Pfitzer Juniper bushes to assist in landscaping the new Crespi Elementary school "front yard." The landscaping party held on November 30, is a part of the troup's community service project, for a badge called "My Community." (Post Photo)

Skyline Elementary School in the South San Francisco Unified School District gained a new plant when the school's sixth grade last week was named winner of a parent-teacher association membership contest. The class won the flower and in turn planted it at the school, with Steve Simonjacchi, past class president, presiding at the shovel (left). Others shown are Mrs. Fred Gonzales, Skyline P-TA membership chairman; class president Rita Salinas, and principal Dave Cricks. (Post Photo)

The 'Shadow' Knows . . .

YOU DON'T have to be **Lamont Cranston** to figure out that the pay hike given to Daly City police (10 per cent) hasn't licked the problem. Records indicate only one new cop has been put on the rolls — TWO have left. There are still eleven vacancies.

What's going on, chief **Roland Petrocchi** was asked?

Aren't police paid enough?

Wasn't the pay raise sufficient?

The chief says that while pay is part of the picture, it isn't everything!

Fringe benefits enter into considerations when a prospect drops by the station to talk about joining the force. Petrocchi places great importance on fringe benefits and thinks one thing that would help brighten the picture is abolishment of the so-called Residency Requirement that stipulates a city employee must live in the city.

Sure, the council bent their ruling a little to permit employees with medical problems to get a waiver, but even then it's up to the Personnel Board and subsequently the council whether a waiver will be granted.

But the chief, like law enforcement heads throughout the nation, thinks blame for the police shortage should be put on the shoulders of John Q. Publique —you and me. And he's probably right.

THE ATTITUDE of the people today towards John Law is one of suspicion. Let a cop get shot in the gut (like the one answering a family beef in San Mateo the other day) and everyone clicks their tongue and sadly notes what a sad state of affairs. But let one cop give a demonstrator (or a wayward reporter for that matter) a lick on the tip of the cranium with his wooden rabble rouser and the whole world caves in on him.

The public is frustrated! One barhanger challenged this humble columnist with: "Sure they want us to support our local police — but how the heck do we do it?" He's right, you know. How the heck do you support your local police? Maybe thank 'em when you get a traffic ticket, or perhaps think kind thoughts of them as they flash by (unseen) in patrol cars?

Hey, maybe that's the trouble; how can you support something you can't see?

In the Good Old Days everyone knew the cop on the beat because he was always walking by and talking with you. When you had trouble (a family squabble for example) he was there.

And when he had trouble, you were there, because you knew officer Doe. You talked with him. He was real.

THAT OFFICER who wants our support, who was shot, whose family is heckled when they tell others (proudly we would hope) that their husband or dad is a cop, doesn't seem real to most people simply because they never see him or chat with him.

You think this is nonsense? Perhaps. We can't take credit for unearthing the answer to the current "lack of public support" problem in the nation. Better heads than our figures a "people-to-people gap" has existed for too long and some — like chief Petrocchi — have started to do something about it. In the case of Daly City, Petrocchi has his officers assigned to "walk the beat" in major shopping centers. Most people think it is too little but hopefully not too late.

It becomes increasingly evident that the price police throughout the nation have paid for mobility and the price pennywise and pound foolish city administrations have paid in their drive to slice budgets by cutting back manpower in growing areas (and what area isn't growing?) has done great harm to what was once called "Our Nation's Finest."

For our money the vast majority of cops are still this nation's finest and were employed with our money to uphold our laws made by our legislators in order to protect our homes and our very lives.

SO, SILENT CITIZEN, if our police don't quite satisfy you, or sorta ruffle your complacency when they hand out a traffic tag or bust a friend's kid for smoking pot, why not think of the alternative? Pretty frightening for our money. And no thanks.

(End of "support your local police plug." Put away soapbox and lock rear windows before closing office.)

A New Slant

A new slant on the Motion Picture Association of America's voluntary rating of films which is expected to be carried in all advertising from now on, is the resubmission by studios and distributors of films up to 10 years old. This indicates their support of the new system and also would be an advantageous negotiating point for selling films to television.

The four categories are G-Suggested for General audiences; M-Suggested for Mature audiences; R-Restricted with persons under 16 not admitted, unless accompanied by parent or adult guardian; X-Persons under 16 not admitted but age may be higher in certain areas.

First surprise in the industry came when Alfred Hitchcock's "Psycho" received an "M" rating under the new system. Made in 1960, and an undisputed shocker, it was turned down only three years ago by CBS-TV.

Also earning their letters are "Charlie Chan" films, "At The Olympics" and "On Broadway," the latter two coming out of the 1937 vaults and each bearing the "G" tag.

SINCE THE RATINGS WENT INTO EFFECT NOVEMBER 1, two have been tagged "X." They are "Birds In Peru" and "Girl On A Motorcycle."

Followups on current labels are "G" for "The Italian Job," "Guns Of the Magnificent Seven," "Dracula Has Risen from The Grave," "Head," "The Guru," "The Subject Was Roses". Those bearing the "M" decree are Uptight," "The Illustrated Man," "The Night They Raided Minsky's" and "Where Eagles Dare."

Kids will be curtailed when it comes to "R" with "Story Of A Woman," "The Big Bounce," "Sweet Body of Deborah," "Stolen Kisses" and "Candy."

Movie advertising isn't carrying these labels yet, since they only apply to films distributed since November 1. So far, only one filmmaker has rejected the entire idea of voluntary censorship, Walter Reade Company. He refuses to allow his films or his theaters to be classified.

NO OTHER PRODUCTION COMPANIES HAVE HELD OUT or spoken against the system. Jack Valenti, president of MPAA, has stated that "we must never make motion pictures for just one audience. There are many audiences and if we seek out the lowest common audience denominator, we will find ourselves making movies that would be, as one Supreme Court justice put it, inane."

"We cannot allow children to set the foundaries for motion picture creativity, any more than we would allow children to organize our moral apparatus or our national priorities. But we can be concerned about children. In motion pictures that concern is made visible by setting apart those pictures we believe parents may not want their children to see," he continued.

Hoppe, Long on Satire

WHO HAS NOT READ of **Elbie Jay** of the rootin'tootin' Jay family and Good Jack and Gary Boldwater, the Boy American — ace creations of **Art Hoppe**, whose column appears in the San Francisco Chronicle?

Art Hoppe is a San Francisco man, witty, worldly wise, cultivated, yet disenchanted and detached. His motif is political satire, vigorous and snappy. Sometimes his pieces sting with a sharp thrust; sometimes with a gentler jab. Sometimes they are fancy-wrought; othertimes they are filled with pure logic.

ONE CRITIC called Art Hoppe bright, bumptious and zippy. **Pierre Salinger** called him the best political humorist in the country.

A collection of Art Hoppe's work was published recently by Doubleday under the title — The Perfect Solution of Absolutely Everything.

Here is Art Hoppe's humor — at its best — for example, his "Little Mrs. Hawk," starring **Ronald Reagan** as the governor; **George Murphy** as the senator and introducing **Shirley Black.** It's a play showing Shirley clasping her hands and praying, "Oh please make Mr. Reagan our President — Then we can bomb the smithereens out of them."

MUCH DIFFERENT IS "Farewell to a Soldier" — on page 257 of the **Perfect Solution to Absolutely Everything.**

Here, Hoppe presents a modern dilemma: what do you say to a young man who has been drafted. "You can't say 'congratulations'. After all, he wasn't volunteering to risk his life for some cause he believed in deeply. He was being drafted. He was being ordered to risk his life—to kill or be killed—or go to prison.

"You can't congratulate a friend who has been given a choice like that, nor can you say, 'Oh, what a shame!' Not face-to-face you can't. There he stood, so very young and alive. Perhaps he dreaded what lay ahead, but you could feel in him, too, excitement at the immediate prospect of leaving home, being on his own' manhood, adventure — and to say how awful you thought it was would be somehow betraying him."

AT THE END OF THE ESSAY, Hoppe writes, "and so we sent still another young man off to fight still another war, the way nations have for centuries. And maybe I shouldn't have felt ashamed and inadequate — yet how totally we've failed when we know what to say."

The four parts in **The Perfect Solution to Absolutely Everything are:**

Thee, the People; They, the Leaders; We, the World and It, the War. The essays in each part run from the topless craze to the problems of your next door neighbor.

While most are funny and pointed, a few are tender, and most are satire at their best.

Family Life Education

Informational Meeting

An informational meeting on family life education in the South San Francisco Unified School District has been scheduled for 8 p.m. Friday at the Sunshine Gardens School multi-purpose room, according to Mrs. Sadie Thompson, organizer of the forum.

Mrs. Thompson, an opponent of the family life program proposed for the district, said three parents from the city, Bruno Mossini, Michael Young and A. G. Weiner, will speak in opposition to the program.

Harry Costa Jr. will serve as moderator of the panel discussion, and James R. Thompson has been named chairman.

Dr. Clifton Boyack, assistant superintendent of the district schools, will speak in favor of the program.

Other speakers supporting the district's position are expected to participate, but have not yet been named, Mrs. Thompson said.

"We invited members of the board of trustees to participate, but they have declined the invitation," she said.

Mrs. Thompson, who is the mother of children attending the district schools, said she organized the Friday night meeting "because of the absolute lack of information on the program."

She said there have been only two previous public meetings on the matter, and "most of the district parents are still in the dark."

"This program goes far beyond the 'Time of Your Life' film," she said, "and we do not feel the parents of this district should accept it on blind faith."

Mrs. Thompson said Mayor Frank Bertucelli, Assemblyman Leo Ryan, and other elected officials have been invited to attend the meeting, "along with all interested parents and taxpayers."

Car Theft Rampage In North

Daly City and Broadmoor police arrested 10 persons and recovered eight stolen automobiles and a motorcycle last Friday, in a series of high speed chases involving everything from motorcycles to a Yellow Cab.

The rampage of car thefts resulted in three accidents.

All but one of the ten persons arrested were joyriding juveniles, some as young as 13, according to Daly City Police Sgt. John Kolbmann. The single adult arrested was Robert Lee Smith of San Francisco.

Kolbmann said the first arrest occurred at 4 p.m. Friday when Officer Fred Holewinske apprehanded a 15-year-old boy at the intersection of Winchester and Oliver Street.

The youth was driving a car reported stolen earlier in San Francisco.

At 4:30 p.m., a motorcycle was reported stolen from the Mar Vista Riding Stables area. This vehicle was recovered at 10:30 p.m. when two youths "hotrodding" on 87th Street were involved in an accident.

Both the motorcycle and the automobile involved in the race were abandoned by the drivers, and both were stolen vehicles.

A late-model sports car was recovered near the city reservoir at the base of San Bruno Mountain about 5 p.m. The car had been "burned out", apparently with gasoline, police said.

A 1969 model sedan was recovered at 11:30 p.m. when Officer Bob Jordan arrested Smith and a juvenile in the Westlake Shopping Center area.

At 2:10 a.m. Saturday, a Broadmoor resident informed police that three suspects were in the process of stealing a car parked on the street in front of his home.

A description of the car and the suspects was broadcast to police units, and also to taxi drivers in the city.

Abbas H. M. "Bert" Saatsaz, a driver for the Yellow Cab Co., spotted the car racing with another vehicle on Skyline Drive.

Saatsaz and six police units pursued the fleeing vehicles, which reached speeds of 125 miles per hour.

The driver of one of the vehicles, a 14-year-old Colma boy, rammed a police car on Mayfair Drive, then crashed into a light standard in front of 1250 Mayfair.

When the car came to rest, the youth backed it into the street and rammed another police car, according to officers.

The driver and two other youths in the vehicle ran from the scene after the wreck, but all were apprehended a few minutes later.

The other vehicle involved in the race was stopped at Park Plaza and Southgate, and the driver, a brother of the youth driving the first car, was also arrested. The second car had also been reported stolen, police learned.

The final arrest came at 5:40 a.m. Saturday when officers stopped a stolen vehicle at Templeton and Mission Road. Four juveniles were booked in that arrest.

Air Freight Shows Gain In October

Air freight volume at San Francisco International Airport registered a new monthly high during October, Airport General Manager George F. Hansen said.

The 55,547,640 pounds of freight for the month was 26.3 per cent more than for October, 1967, and exceeded the previous monthly record of 51,087,735 pounds last May.

"There has been an apparent resurgence in air freight shipments during recent months," Hansen said. "And top airline cargo officials view it as regaining the momentum which was lost during the 43-day strike of some major airlines in the summer of 1966.

"That view seems to be supported in cargo activity at San Francisco International Airport. During the first half of this year, freight shipments were 9.6 per cent above the corresponding period of 1967. However, in the July through October period, the increase was 18.7 per cent."

The air passenger total in October was 1,147,735, up 8.6 per cent from a year ago; U. S. mail volume gained 23.4 per cent to 23,491,415 pounds, and the air express total of 1,653,859 pounds represented an increase of 4.8 per cent.

Warriors Are Big Favorites

By JERRY LITTRELL

Rene Herrerias, who coached the University of California last season, returns to the prep ranks this year at El Camino High School.

There are several things which might keep South San Francisco High School from repeating as North Peninsula League basketball champions this year — a mass attack of three-month influenza, the lowering of the draft age to 16 or a revision in the rules which says low score wins.

Conference competition, however, does not seem to be included in the list of pitfalls that Bill Purcell's speed-burning Warriors might encounter although this season should prove to be a very balanced race for second place.

On paper the Warriors just have too much depth and talent for the league chase. Without a doubt teams like Jefferson, El Camino and Westmoor should prove formidible foes this year but if, and that's a big word, the Warriors play as a team and get expected performances out of the first eight players they should have little trouble copping their fourth straight title.

Already, though, the Warriors have faced one setback. Junior guard Sam Kline, who scored 20 points per game as a soph last year, broke his shooting hand in practice and will be lost for at least a month. But here's where the Warrior depth will come in handy.

Anchoring the front line will be three-year varsity center Steve Venters, 6-4, 175 pounds. The best center in the lague the past two years, Venters will be counted on to do the rebounding and inside work along with forwards Dick Young, 6-2, 180 pounds, and Bob Collins, another letterman who came on strong late last season; and junior jumper Tim Housman. The backcourt will have junior Mike Larios, a highly-regarded player who might develop, with maturity, into the Warriors' best-ever basketball player. He passes well and shoots for double figures. Another offensive-minded guard is senior starter Rocky Walker.

El Camino High School, under "rookie" coach Rene Herrerias, also had a serious injury setback when Pete Alexander, a 6-6 junior center expected to provide height seldom seen at the Colt gym, was lost for the season last week with a knee injury. Herrerias hopes to take up some of the slack with sophomore center Gary Cruice, 6-4.

Frank Anderson appears now to be the top Colt scoring threat with guards Jeff Jensen and Tom Buckley handling the backcourt duties. Juniors Pete Sacco and Jim Jenkins will be up at forward. The Colts appear to have enough scoring potential all the way around but will have to be stronger defensively and on the boards to make a serious threat this season.

Jefferson will have the most unpredictable team. The Indians will have one of the league's ruggedest front lines with center Bob Smith, 6-4, 200-pounds, and forwards Steve Kirby, 6-1, 170, and Mike Mjehovich, 6-2, 185, expected to get the starting call.

Outside shooting from the guards was expected to be the biggest Jeff problem but transfer Jim Burrus, 6-0, should take up some of the needed outside scoring. Always tough defensively the Indians could easily finish anywhere from second to fifth place. Everything hinges on their scoring ability this year.

Anyone overlooking Westmoor this year will get a rude shock. The Rams, while not nearly as strong as in the past few years, do have a more than adequate starting five and possibly one of the league's better players in Mike Brown, a senior forward. Along with Brown are forward Jim Lewis, 6-2, 205, and center Paul Reynolds, who at 6-3 has the height but with his 135-pound frame may lack the durability needed. Three guards who saw limited action last year are vying for a starting spot — Dan Coffey, Steve Gilmore and Mike Mason.

With the league leading scorer on the frosh-soph level last year and a 6-8 transfer in from Texas it might be expected that Terra Nova might make title overtones this year but Don Delbon's crew might be nevertheless hard pressed to find a winning combination.

The Tigers lost scoring ace Gary Hernandez to Capuchino but picked up Bob Collins, a 6-8 senior, who Delbon describes as a "little rusty but with fine potential." Lining up up front will be lettermen Bob Preston, 6-3, 185, and Bob Skog, injury proned last season. Rick Holley, the sophs top shooter last year, will swing between the front and back court while Tom Sutton and Bill Downing vie for starting berths at the guard spot.

Half Moon Bay's basketballers have the same transfer problem as the football team did. Last year's leading soph scorer bid farewell to the Coastside school so coach Chuck Short will have to go with one of his Short-est squads in history.

Two six-footers will be the talles duo. Jim Heskins, 6-0, and Dave Hunt, 6-0, will alternate at center while the forwards should be Mike Jackson, 5-10, and Tom Evan, 5,10, and the guards will be Jim Emory, 5-10, and Skip Gianocca, 5-8. Not one starter from last year is returning which means not only will the Cougars be small but they will be green.

Oceana has a completely new look but the outlook is a little bleak. New coach Don Novitsky inherited a team that lost four of its five starters and the top three subs. Only time will tell if Novitsky, in his first year at Oceana, can mold something from his returning juniors and seniors.

Jeff Adult School Sets Registration

The Jefferson Union High School District Adult Division announced its winter quarter registration will start on January 6 at Jefferson and Westmoor High Schools in Daly City and Oceana and Terra Nova High Schools in Pacifica.

Jefferson and Westmoor will register Monday through Thursday, January 6, 7, 8, and 9; Terra Nova will register Monday, Wednesday, and Thursday, January 6, 8, and 9; Oceana will register on Tuesday, January 7, 1969. All registrations will be in the class of your choice during the first week of the quarter and in the office of the school thereafter.

The curriculum will include all academic courses needed for the achievement of a high school diploma and also offer Basic Review courses for students needing an elementary certificate or desiring a review of elementary subjects.

Three English Levels

Three levels of English as a Second Language will be offered at Jefferson High School, 6996 Mission Street, on Tuesday and Thursday evenings, for any student of foreign background who desires to develop a facility in the English language, or improve his present usage of English.

Preparation for Citizenship courses will also be offered at Jefferson High School on Monday evenings and at Westmoor on Wednesday evenings. Industrial arts courses, which include auto mechanics, woodshop and power tools, drafting and blueprint reading, are offered at all schools.

Homemaking courses, both beginning and advanced, along with food preparation in cooking and baking, are held during the four nights of the week with several sections of clothing and dressmaking being offered during the daytime hours at the Daly City Recreation Center at 134 Hillside Blvd., Daly City.

A wide variety of courses in business education including typing, shorthand, and business machines, is offered for students desiring an introductory skill to the labor market, or improvement of present skills for promotional purposes, or personal interest. A wide scope of coursed in the fine arts is offered, all of which meet four evenings during the week, including painting with oils or acrylics, portraiture work, medium appreciation, choral music, and introductory piano learning. A few special areas are again being offered, such as a three-weeks course in vocatoonal guidance, an investment course which includes long-range understandings of the stock market, driver education for anyone in need of a driver's license, or knowledge of rules of the road, and very popular convalescent nursing aide program, six weeks in length, for either vocational or home medical understanding.

Counseling services are available each night Monday through Thursday for any student who feels the need for educational or vocational guidance. The counseling staff will set up a course of study to assist students in achieving an elementary school cerfificate or a high school diploma, as we as guidance in vocational choice and development.

All the above and considerably more, is being offered by the Jefferson Union High School District Adult Division in Daly City and Pacifica, during its winter quarter, which will start registration the week of January 6, 7, 8, and 9, 1969.

Classes are extremely popular, so interested adults should come early to register to be sure of a place in the class of their choice.

Brochures can be picked up at any one of the high schools: Jefferson, Oceana, Terra Nova, and Westmoor, or at several community locations, such as the libraries and city halls. Information relative to any of the courses being offered can be received by calling 755-5802.

Two new courses in home gardening and landscaping will be offered in January.

Auto World

A push-button application system permitting a motorist stuck on ice or in deep snow to apply a traction improving compound to an auto's rear tires without leaving the driver's seat has been developed by AC Spark Plug Division of General Motors.

The traction improver, called Liquid Tire Chain, gives the tires up to three times normal traction on ice or packed snow. It is sprayed on the rear tires by vacuum-powered applicators mounted in the car trunk and controlled by a push button mounted on the instrument panel.

The compound will stay on the tires for several miles when driving on snow covered roads. However, it wears off quickly when traveling at high speeds on hard-surfaced highways.

To operate the system the driver simply depresses the control button, holding it for at least five seconds. This activates the aerosol containers of Liquid Tire Chain, spraying the tires with traction improver.

After applying the traction improver to the tires it is necessary to spin the wheels slowly to mix the compound with water present in the ice or snow. A few minutes wait permits the chemicals to "set up" and form a sticky coating on the tires that is abrasive to ice and packed snow.

Liquid Tire Chain was given wide usage during the 1967-68 winter season. A survey among drivers who used the traction improver indicates universal success, a company spokesman said.

Strong new model car deliveries in the fourth quarter could boost auto industry sales for the 1968 calendar year to a record 9.7 million, M. S. (Matt) McLaughlin, Ford Motor Company vice president and Lincoln-Mercury Division general manager, said recently.

The highest sales total reached in any previous year was 9.3 million, attained in 1955.

Speaking at a news conference prior to the opening of the Detroit Auto Show, McLaughlin said the auto industry would add records in November and the fourth quarter to the one set in October. The three-month selling spree should break the old fourth quarter record of 2.5 million deliveries set in 1965, he noted.

"Just a few weeks ago we expressed the hope that 1968 would be the first 9.5 million year," he said. "Right now, it looks like the question is not whether we'll break the 9.5 or even the 9.6 million barrier, but rather, can we get to the 9.7 million mark as well. We just might."

The excellent response to the new models and the favorable economic outlook make prospects "good indeed" for the high level sales during the remaining 10 months of the 1969 model year, he stated. He cited as evidence increase in personal income and industrial production during October a strong consumer expenditures for goods and services in the third quarter and the University of Michigan's forecast that demand for cars will remain strong.

"In short," he said, "conditions in today's market certainly support our corporate forecast for 9.3 million car sales in the 1969 model year."

Not only have sales been exceptionally brisk, he asserted, they have favored medium-price divisions, which have increased their share of the market from 28 per cent in 1960 to more than 36 per cent this year "and they're still going up."

Last week $24 million worth of real estate was offered for sale in The Times Want Ad pages.

We knew we had a great marketplace for home buyers, so we used up over nine feet of adding machine tape to prove it! We added up the total value of all the homes advertised in the Classified pages of The Times in an average week and came up with an impressive figure . . . $24,000,000! Of course, this figure would be much higher if we included all the homes without a published price and all the commercial and investment property for sale.

We are proud of the service we perform for real estate buyers and sellers in San Mateo County by providing this active market place. When it comes to real estate, it pays to read the Want Ads.

1684 Toledo Court, Pacifica

Cheryl is 9 years old and is in the 4th grade at Sanchez School. She has one older brother and two younger sisters. Cheryl enjoys playing the piano and her favorite outdoor activity is roller skating.

Cheryle writes: "If I was Santa's helper I would help him get the toys to give to girls and boys. I would get in the sleigh and go to the first house and go down the chimney and help him separate the toys to the ones they belong to. I would help him put the candy in the stockings.

I'd go back up the chimney and get back in the sleigh. I would go to the next house and do the same thing until we were done. Then we would go back to Santa's house and have a talk. I would go to bed and get a lot of sleep. The next morning I would go and help the elves make some more toys for the next Christmas. The next Christmas I would do the same thing. And that is what I would do as Santa's helper."

KEN VASQUEZ
611 Foster City Blvd., San Mateo

Ken is 10 years old and is in the 5th grade at Foster City No. 1. He has one older brother. Ken enjoys all types of sports and his favorite hobby is collecting stamps and coins. He also plays the trombone and is president of his class at school.

Ken writes: "What I'd do as Santa's helper is first I would wait for his instructions. First he would say "Ken, here are about 20,000 toys to make. I expect you to be finished in three days. Now that is pretty hard work. Three days means no sleep. The punishment for sleeping on the job is to take a visit to the abominable snowman. Three days later Santa came, I had only five words to say ' "Can I go to bed?' "

On Christmas Eve I really had to work. Each person had to make 1,500 toys in 15 hours. Then wrap them.

Santa was busy, too. He had to eat. Since my nickname was Cookie I cooked his meal. It was the biggest meal I ever cooked. His meal was a 14 pound turkey, 6 potatoes, 1 jar of cranberry sauce, corn, 1 bottle of champagne, and 5 chocolate sundaes.

That is what I would do as Santa's helper."

Teen Clubs Hold Turkey Trot; Chris Zahnd Wins

Chris Zahnd won the recent "turkey trot" staged by the junior and senior teen clubs of the San Bruno Recreation Department.

Under blue skies at Crestmoor High School a large crowd of spectators waited for the start of the First Annual races.

A department spokesman reports it went as follows:

When all 41 participants were walked through their respective courses the first call for the sixth grade rang out.

The favorites in this 1¼-mile course were Jim Bruno, Chris Zahnd, John Kiely and Steve McLeod. When the gun sounded a steady pace was set and as the runners reached the one mile mark the field began to spread out with Chris Zahnd and Jim Bruno neck and neck. With 50 yards left, both boys were running their hardest.

Using his last bit of energy Chris Zahnd beat Jim Bruno by inches. Finishing third was Steve McLeod. Their times were: Chris Zahnd 6:56, Jim Bruno 6:54 and Steve McLeod 7:21. The winning time set by Chris Zahnd for the 1¼-mile course established a new record.

Runners is the seventh grade trot were Jesse Mosqueda, Dave Dawson, Chuck Chavez and Larry Ivancich. Jesse Mosqueda, favored in the 1½-mile trot, had no problem and won this event going away. Mosqueda held a good lead with Dawson and Chavez battling for second.

Coming into the last half mile, eyes were not on the leader Mosqueda, but on the exciting race for second, between Dawson and Chavez;, as they crossed the finish line it was Dawson winning second and Chavez two seconds behind.

The times were: Jesse Mosqueda 8:31, Dave Dawson 8:54 and Chuck Chavez 8:56. The course record is 8:31 set by Jesse Mosqueda.

In the 1¾-mile course for the eighth grade, a record of 9:59 was the goal to reach. All the runners set too fast a pace, so that there was little hope of anyone breaking the course record. Leading for most of the race was Mark Pettinori with Dennis Stamer and Doug Mottesson in a close second and third.

As the runners turned for the home stretch, after climbing a steep hill which had become quite difficult due to the early morning rain, Dennis Stamer was in first, followed by Mark Pettinori and Rafael Mosqueda. These positions never changed as they crossed the finish line. The times were: Dennis Stamer 10:31, Mark Pettinari 11:57 and Rafael Mosqueda 11:36.

In the high school trot there were two classifications: a runner's class (members of a high scrool track team) and a non-runner's class, (not a member of a high school track team). In the non-runners class Craig Harris won his event with a time of 13:07.

In the final trot for the high school runners class, entries were Steve Kesling, John Jarvinen, Steve Bule, Rich Voskes, Pete Gould and Vince Fernandez. All of these runners have faced each other while competing for their respective high schools. Favored for the long two-mile trot were John Jarvinen of Crestmoor and Steve Kesling of Capuchino. As the gun sounded for the last race of the morning, Steve Kesling and John Jarvinen held the lead. When the field hit the one-mile mark, Kesling held a comfortable lead and was just trying to beat the clock, not any of his opponents. Behind him were Pete Gould, then Vince Fernandez.

As Steve Kesling crossed the finish line to take first place, Gould put the kick on and took second by two seconds over Fernandez. Their times were: Steve Kesling 10:37, Pete Gould 10:52 and Vince Fernandez 10:54. The first, second and third place winners were from Capuchino High School. The course record for two miles is 10:05.

All first-place winners received certiricates for a free turkey.

"With as much enthusiasm as we had this year, future turkey trots will become more and more a tradition for the City of San Bruno," says Rich Scuitto, Teen Club Advisor.

S.F. Salesman Is Charged

A felony drunk driving charge has been filed against a San Francisco salesman as the result of an auto collision November 20 in which a South San Francisco girl was badly injured.

The suspect, Floyd W. Kaneaster, 54, is free on $1,200 bail pending arraignment in Municipal Court in San Mateo at 10 a.m. December 6.

It is alleged that Kaneaster was intoxicated when his car veered over the center line of Skyline Boulevard near Hillsborough and collided head-on with a sports car driven by Pamela Zinn, 18, a College of San Mateo student of 2288 Delvin Street, South San Francisco.

FITNESS

Some physical fitness experts suggest morning exercises in which the whole family can participate.

Winston Is All-Star Grid Winner

In one of the All-Star Orange Bowl's greatest games, an inspired Winston Manor championship team led by quarterback Dan Freeland came from behind in their closing plays to defeat the powerful All Stars, 21-20.

Winston Manor's Rich Wright returned a kickoff 45 yards to score and caught a 30-yard pass from Bill Sartin for another. The All Stars, having never played together, were blanked during the first two periods. The halftime score was 12-0 in favor of the Mustangs. Then the All Stars caught fire when Benny Baldonado of Buri Buri Park intercepted a pass and raced 46 yards for the Stars' first touchdown in the third quarter. Winston Manor countered with a safety by Jim Fuller and Steve Broock.

Hillside Recreation Center's All Star quarterback Jack Bolling connected on two touchdown passes of 20 and 47 yards to Orange Park's Mike Clary to go in front 20-14. In the closing plays of the game, Bill Sartin ran off tackle for 8 yards, a touchdown and the coveted Orange Bowl victory.

Defensively Paul Matteucci, Mike Ramos, Rich Bergamaschi, and Mike Burns played fine games for Winston, repeatedly stopping the All Stars. Offensive linemen Rick Bruce and Mike Hill opened the holes for Bill Sartin and Dave Healey. Brentwood Park's Gary Poli and Joe Appenrod of Buri Buri Park were outstanding at their defensive linebacker positions.

S.S.F. All-Star Unit

ALL ORANGE BOWL OFFENSE STARS picked in South San Francisco Recreation Department game include, left to right: (first row) Bill Sartin, Dave Healey, Mike Clary; (second row) Jim Fuller, Rick Bruce, Mike Hill, Jack Bolling; (third row) recreation leader Keith Falsarella, Rich Wright, recreation leaders John Falsarella and Craig Galli.
